Annual Premium

All premiums found in this manual are on an annual basis.

Applications

A fully completed application must be received by the Company within seven working days of effective date. Approved applications accepted:

• CSIO

Calculation of Premiums

The Company will calculate policy premiums as follows:

1. Obtain the manual premiums from the appropriate rate table.
2. If discounts or surcharges are applicable, they apply cumulatively (unless noted otherwise) to each applicable coverage.
3. Calculate the premium individually for each coverage, additional coverage or endorsement being attached to the policy and round amounts of 50 cents or more to the next higher dollar.
4. Total all of the individual premiums to arrive at the total policy premium.

Cancellations

All carrier-initiated cancellations will be calculated on a Pro Rata basis.

New Policy Rejection – Cancellation will be calculated on a Pro Rata basis on quoted premium when a new policy is rejected by the Insured. Where non-disclosure of material information has caused an increase of premium over the initial quote, cancellation will be calculated on a short rate basis on the actual premium.

Rejected Renewals - Flat cancellation will be allowed within 30 days of the policy effective date. We request,

• A signed Cancellation Request from the policyholder;

• We recommend the broker retains the original policy documents.

Insured initiated cancellations will be calculated on a short rate basis. We recommend the signed off policy or signed cancellation accompany the request.

Cancellation for Non-Payment of Premium

• A policy that has been cancelled for Non-Payment of Premium will be calculated on a Pro Rata basis.

• If payment is received prior to the Non-Payment Cancellation effective date, the cancellation will be rescinded, and the policy will remain in force.

• A policy that has been cancelled for Non-Payment of Premium will not be reinstated. A new signed application will be required.
