DEFINITIONS

ACCIDENT RATING

“Liable and chargeable” means an **at-fault or partially at-fault** incident arising from the ownership, use or operation of any automobile, as a consequence of which:

1. An amount has been paid in respect of Bodily Injury, Property Damage (other than Direct Compensation for Property Damage), Collision damage, or the Collision portion of All Perils;
2. A loss reserve remains open but is unsettled or unpaid; or
3. A civil suit is pending against the Insured or any listed driver; or
4. Another insurer assumed the loss under Uninsured Automobile or AB-SEF 44 coverage for an uninsured loss due to denial of the claim from a policy violation;
5. An at-fault loss previously with no payout has been re-opened for a reserve or a payment has been made.

Any such incident is considered **chargeable** (rateable), and impacts the Driving Record for Bodily Injury, Property Damage, Direct Compensation for Property Damage, Collision and the Collision portion of All Perils. The rating of the applicable vehicle will be impacted (e.g. one vehicle is rated for the at-fault). If an at-fault accident is not attributable to the named insured or any listed operator arising out of the use or ownership of a vehicle the at-fault accident will not be assigned or rated for.

“Liable but non-chargeable” means an **at-fault or partially at-fault** incident arising from the ownership, use or operation of any automobile, as a consequence of which:

1. Collision damage occurred, but the Insured chose to repair their vehicle at their own expense; or
2. Collision damage was less than the Collision or All Perils (Collision portion) Deductible; or
3. Another insurer **did not** assume the loss under Uninsured Automobile or AB-SEF 44 coverage for an uninsured
4. loss due to a) absence of coverage, or b) claim denial due to a policy violation.

Any such incident is considered **non-chargeable** (non-rateable) and will not affect the Driving Record.

Note: Claims, once paid, cannot be reimbursed for the purpose of maintaining a claims-free rating.

“Non-liable” means an incident in which the driver is considered to be 100% not at-fault. The following types of incidents involving damage to the insured’s vehicle are also considered to be **not at-fault**:

1. Claim expenses only, payments under Accident Benefits only, medical first aid expenses only, or any combination thereof.
2. Damage caused by any peril within the scope of Comprehensive, Specified Perils, or the Comprehensive portion of All Perils coverage, including but not limited to damage caused by a hit and run driver; while legally parked; or caused by an identified but uninsured automobile.

Any such incident is **non-chargeable** (non-rateable) and will not affect the Driving Record.

ACCIDENT FORGIVENESS

Liable and Chargeable accidents that occur while insured with The Dominion may be eligible for Accident Forgiveness. *Please refer to page C10 for eligibility and rating.*

VALID OPERATOR'S LICENCE

A "valid operator's licence" refers to valid class of licence to operate the type of vehicle insured. The continuous period of such licensing is a factor in developing Driving Record, subject to the rules pertaining to licence suspensions, accidents and new driver credits, where applicable.

The following will not be considered to be a valid operator's licence:

1. Learner's Licence (Class 7), issued prior to the Graduated Driver Licensing (GDL) system.
2. Stage 1 Learner's Licence (Class 7), issued under the Graduated Driver Licensing (GDL) system.

POLICY TERM

New policies may be written for a period of 12 months only. For existing 6 months, charge 50% of the annual premium.

MID-TERM PREMIUM CALCULATION

If mid-term changes incur any additional and/or return premiums, each premium is calculated separately.

If net amount due is less than \$5 the premium will be waived. The Insurance Act does not permit waiving of return premiums.

Premium changes are calculated by pro-rating the difference between the full-term premium of the old coverage (if applicable) and the full-term premium of the new coverage.

MINIMUM RETAINED POLICY PREMIUM

The minimum retained premium is \$25 per policy, unless indicated otherwise.

Where a policy provides coverage for two or more risks or coverages that are subject to special minimum premiums, the minimum retained policy premium shall be the sum of such special minimum premiums.

CHANGE OF OWNERSHIP

A new application will be required in name of new owner. Existing policy will be cancelled pro-rata.

PROOF OF FINANCIAL RESPONSIBILITY

Where a Certificate is required as Proof of Financial Responsibility in conjunction with SPF 1 or SPF 2 such filing shall not affect the rating of the policy under Driving Record. There is no filing fee for this certificate.

Important: No "Flat" cancellation will be permitted on a certificated policy.

COMMERCIAL AUTOMOBILE

- a) A motor vehicle of the truck type. This includes tractors, delivery sedans, jeeps and automobiles with pick-up bodies.
- b) A motor vehicle of the private passenger type which has been altered, i.e., platform or box attached or structural alteration of the body to provide for transportation of merchandise or products or other commercial use.

Exceptions:

- a) A motor vehicle used as a public or livery conveyance or for emergency purposes.
- b) Motor vehicles used for demonstrating or testing or held for sale by an automobile dealer.
- c) A truck with a gross vehicle weight of 4,500 kilograms or less, used for pleasure or business purposes. (For this type see Private Passenger Automobile.)

PRIVATE PASSENGER AUTOMOBILE

A private passenger automobile is a motor vehicle with a gross vehicle weight of 4,500 kilograms or less, used for pleasure or business purposes.

Private passenger rates also apply to commercial type vehicles, not in excess of 4,500 kg gross vehicle weight, used for pleasure or business purposes.

Exclusions: Any motor vehicle used for renting, livery, bus or taxi purposes; for police work or commercial delivery; for demonstrating or testing or were held for sale by an automobile dealer (see Garage Section).

PLEASURE USE

Includes driving to and from work. This means the use of the automobile between residence and place of employment, or part way to and from place of employment (such as to a railway or bus station) including such use in a carpool or other share- the-ride arrangement.

BUSINESS USE

Business use means the operation of a private passenger vehicle to visit clients or prospective clients, in connection with the driver's profession (insurance broker, real estate broker, travelling salesman, social worker, etc.).

It does **not** include private passenger vehicles used for any retail or wholesale delivery (newspapers, courier, food, mail, drug store delivery, etc.) or for carrying passengers for *compensation* (taxi, school bus, driver training school, etc.). These are commercial enterprises.

FARM USE OF PRIVATE PASSENGER AUTOMOBILES

As most farm cars are used for business purposes to some extent, a special rating scale is used for them without distinguishing between business and non-business use. These rates apply only to farmers with no other gainful occupation. The owner must reside on the farm.

Farm rates do not apply to vehicles that are used for day-to-day farming activities such as hauling equipment or supplies. The primary use of the vehicle should be for farm related errands, such as banking or shopping in town.

See Discount section for applicable rates and discounts.

GRADUATED DRIVER LICENSING (GDL) – ALBERTA ONLY

(Private Passenger Vehicles)

PRINCIPAL OPERATORS

STAGE 1 - LEARNER (Class 7)

There is no premium charge for occasional operators at this level. However, any such person who is a vehicle owner will be classified as principal driver and will be rated at driving record "0".

IMPORTANT: Regardless of whether a premium is being charged, it is beneficial to include as much information as possible for a driver progressing through the graduated driver licensing system (e.g., name, licence number, date of birth, anticipated date of Stage 2). This will help for statistical, rating and claims purposes going forward.

STAGE 2 - PROBATIONARY (GDL Class 5) / FULLY LICENSED (Class 5)

A premium will be charged, and recognition of driving experience will accrue as soon as each driver attains the Probationary (GDL Class 5) stage. Drivers are subject to the Driving Record Qualifications under our Private Passenger Rates & Rules. To become Fully Licensed (Class 5), each driver must have spent a minimum of 2 years as a Probationary Driver and adhered to all GDL conditions and restrictions.

OCCASIONAL OPERATORS UNDER 25 YEARS OF AGE

Occasional female drivers under 25 (Class 05) and occasional male drivers under 25 (Class 06) are subject to the same rating rules as shown above for principal operators.

OCCASIONAL OPERATORS OVER 25 YEARS OF AGE

The rating classification and/or Driving Record of the principal driver may be affected by the addition of an occasional driver over 25 years of age.

Refer to Driver Training and Special Provisions on pages A8 and C9.

VEHICLE INSPECTION REPORT

For new business and new vehicles added to an existing policy, a completed and approved vehicle inspection report is required on all private passenger vehicles $\geq$ 12 years old.

DISCOUNTS

DRIVER TRAINING DISCOUNT

A Driver Training Discount (DTD) is allowed in the form of a better Driving Record (DR) than that for which the driver would normally qualify, if an approved driver training course has been completed. Such DTD premium reductions apply only to drivers who remain accident-free.

Private Passenger Vehicles

DRIVERS WITH DRIVER TRAINING

If operator is fully licensed less than 1 year, DR3 will apply.

If licensed at least 1 year, but less than 5 years, DR4 will apply.

Every licensed driver must have completed a course of Automobile driver training, as evidenced by Code U appearing on the driver's license or driver's information abstract.

DRIVERS WITHOUT DRIVER TRAINING

If operator is fully licensed less than 4 years, we will add 1 year credit to the time actually licensed, subject to maximum DR4 (e.g., licensed 2 years=DR3; licensed 4 years=DR4).

Motorcycles

DRIVERS WITH DRIVER TRAINING

If operator is licensed less than 3 years, DR3 will apply.

Every licensed driver must have completed a course of Motorcycle driver training, as evidenced by production of a certificate issued by the Alberta Department of Education or the Alberta Department of Transportation.

DRIVERS WITHOUT DRIVER TRAINING

Operators will be rated in accordance with time actually licensed (e.g. licensed 6 months=DR0).

UNIVERSITY DISCOUNT

Applicable to occasional drivers under the age of 25, having limited access to the insured automobile while attending school, college or university and living temporarily away from home during the school term. The applicable Class 05 or 06 premium will be discounted as follows:

Discount 50%: The driver lives on campus or in other temporary lodgings, and returns home only on holidays, at the end of each semester or for seasonal breaks in the school term.

Discount 25%: The driver lives on campus or in other temporary lodgings, and returns home on weekends during the school term, in addition to the breaks mentioned above.

The name of the school, college, or university, plus the student's temporary address, should be provided when applying for the discount.

The Class 05 or 06 must not be subject to a surcharge for accidents or with 4 or more convictions.

DUAL POLICY DISCOUNT (DPD)

Private Passenger Vehicles

A Dual Policy Discount (DPD) applies to the Automobile premiums of **related drivers within a household**, provided we insure the principal residence of the household on either a Homeowners, Condominium or Tenants Package policy.

The discount is 20% of the premiums for **All Perils, Collision or Upset, Comprehensive and/or Specified Perils, for each eligible vehicle**.

The discount is **in addition to** other premium reductions for Driver Training, Multi- Vehicle and Renewal discounts.

The discount applies to all family household members, not just the persons who are Named Insureds on the Habitational policy. Sons, daughters and other relatives (e.g. grandparents, nephews) in the same household will also receive the discount, **even classes 05 and 06**.

The discount can apply to **more than one** automobile policy, and policy terms do **not** have to be concurrent. For example, a husband and wife have their Homeowners and Automobiles insured with us and their three children have separate automobile policies with us. Two still live at home and qualify for the DPD. The third child does not qualify unless we have his or her principal residence insured also.

The discount can apply **mid-term**. It is not necessary to wait until the next renewal date to qualify. All we need is the cross-reference Habitational policy number on the Automobile application or mid-term change request.

Risks **not** eligible for the DPD are those which are subject to:

- a) An accident surcharge;
- b) 4 or more convictions;
- c) Are receiving a Farmer's Discount; or
- d) Are recreational vehicles (trailers, motorcycles, snow vehicles, ATVs, motorhomes, or collector vehicles).

Commercial Vehicles

A Dual Policy Discount (DPD) applies to Commercial Automobile premiums, provided we also insure the commercial property policy for the risk, on either a CCP, CTP, CRP or COP policy.

The discount is **10% of the total premium** of each eligible vehicle and trailer (including AB-SEF premiums).

The discount applies to vehicle Classes 35, 36, 43, 44, 45 and 46 including Trailers, plus Class 75 (Funeral Directors).

The discount can apply to **more than one** automobile policy, and policy terms do not have to be concurrent.

The discount can apply **mid-term**. It is not necessary to wait until the next renewal date to qualify. All we need is the cross-reference Commercial Property policy number on the Automobile application or mid-term change request.

Risks **not** eligible for the DPD are those which are subject to

- a) An accident surcharge;
- b) 4 or more convictions;
- c) Are rated as Fleets, Garage or Public vehicles (other than Funeral Directors)

FARMER DISCOUNT (Private Passenger only)

Farmers' cars have a special rating scale to distinguish them from other professions that involve some business use of personal vehicles. Rates apply only to farmers who reside on the farm and have no other gainful occupation.

Exception: Tobacco farmers, farm labourers, transient harvesters and other part-time farm workers do not qualify for the Farmer rating discount.

Farm rates do not apply to vehicles that are used for **day-to-day** farming activities such as hauling equipment or supplies.

Qualifying Classes: 03, 08, 09, 18 and 19 only.

Discount: Bodily Injury, Property Damage, Direct Compensation for Property Damage, All Perils and Collision	30% discount
Comprehensive and Specified Perils	25% discount
Accident Benefits.....	No discount

MULTI-VEHICLE DISCOUNT

This discount applies where we insure two or more Private Passenger automobiles that are owned (or leased) and operated by family members within the same household, even if the vehicles are insured on separate policies, in different names and for different policy terms.

The discount applies to Bodily Injury, Property Damage, Direct Compensation for Property Damage, Accident Benefits, and Collision or Upset (including the Collision portion of All Perils) coverages. If only one vehicle has Collision or Upset, the discount still applies to that coverage.

The discount is **20%** for Class 01, 14, 02, 03 and 07.

The discount is **15%** for Class 05, 06 and 08 to 19 inclusive.

It applies to vehicles operated by the Insured, spouse and their children, plus any **other relatives** who reside **in the same household** (e.g., aunt, nephew, grandparent).

It applies to **all** Private Passenger risks (Class 01 to 19) including Class 05 and 06, provided that the drivers are related (e.g., no employees, boarders or tenants).

It applies **in addition to** Driver Training Discount, Dual Policy Discount, and Renewal Discount.

The only vehicles not eligible are those where:

- Only 1 vehicle in the household is insured for Bodily Injury, Property Damage or Direct Compensation for Property Damage (rate as a single vehicle family until Bodily Injury, Property Damage or Direct Compensation for Property Damage is added to another vehicle); or
- An accident surcharge applies;
- With 4 or more convictions;
- A Family Discount applies; or
- The use is Driver Training School (commercial risk, using Class 07 as a base rate)

Rating example:

- Four cars in household
- Each is on a different policy, in different names and with various policy terms
- Father is Class 07 Elite, mother 02 Ideal, daughter 18-3, son 10-2
- All vehicles qualify for the Multi-Vehicle Discount
- Son's vehicle is the only one with Collision or Upset, discount still applies to that coverage

RENEWAL DISCOUNT

Applicable only to Driving Record 5, 6, Ideal and Elite.

Such risks will receive a renewal discount of 1% on all coverages except Specified Perils and AB-SEF premiums.

NEW BUSINESS DISCOUNT

- New Business only i.e. Tenure = 0
- Driving Record 5, 6, Ideal and Elite.
- All coverages except Specified Perils and AB-SEF premiums

VALUED CUSTOMER RATING

For customers who have provided consent, we use insurance score together with a number of other factors to determine the applicable pricing for the policyholder. The insurance score is used in the rating of physical damage coverages, except DCPD and policy endorsements.

AB-SEF#	Description	Premium
8B	Property Damage Reimbursement This provides for an Insured to reimburse us up to a specific amount for a Property Damage loss after we have paid a Third-Party claimant. Its use is limited to an attempt to improve a risk with a frequency of minor Property Damage claims and is more suited to Commercial risks than to Personal Lines. No premium discount is allowed.	\$0
9	Marine Use Excluded It removes the marine exposure of amphibious vehicles while being used on the water or while being launched or landed. It also totally cancels Collision or the Collision portion of All Perils. Comprehensive, Specified Perils and AB-SEF 44 remain intact, if purchased.	\$0
17	Reinstatement of Coverages Deletes the AB-SEF 16 limitations, restoring the policy to its former coverage. Refund is based on the period of suspension.	Refer

19B	Limitation of Amount For vehicles rated by price, especially where values tend to fluctuate due to restoration, improvement, or customization (e.g., antique, classic, motor home). RATING TERRITORY

The applicable rating territory shall be that in which the vehicle is chiefly used and usually kept. If usually kept in one territory but chiefly used in another, premiums will be based on the highest applicable territory.

However, in the case of Private Passenger rated vehicles domiciled in one location and used for daily commuting to and from work in another location, the rating territory will be deemed to be that of the domicile. (Not applicable to automobiles used for business purposes, or to commercially rated vehicles).

NOTES

This section has been updated to provide you with preferred options in locating the applicable rating territory, as indicated in the Index above.

The first is the traditional **Territorial Boundaries by District**, based on the IICC Statistical Plan. This is provided for general information since Postal Code rating, as outlined below, provides you with the specific territory for each city, town and postal code.

The second part lists **Cities and Towns** in alphabetic sequence. We have included Postal Codes for information purposes and as a useful check that proper postal addresses are being used.

The third part provides the same data but lists **Postal Codes** in sequence, followed by the city or town. These options provide you with convenient data access, using methods to suit your preference.

DRIVING RECORD — SPECIAL PROVISIONS

PRIOR INSURANCE LAPSE RATING — Alberta Only

Where there has been a consecutive lapse of insurance coverage in the last 6 years, the Driving Record(s) will be affected as follows:

1. Insurance lapse of less than two (2) years within the past six (6) years; **No impact to Driving Record**
2. Insurance lapse of two (2) years or more within the past six (6) years; will result in a **Driving Record 0**.

The driving record will be increased by one level for each year of continuous insurance history since the lapse.

All Driving Records are subject to Driving Record Qualifications. If the driver is licensed less than 6 years, use the number of years licensed as the maximum driving record.

Drivers who have no proof of prior insurance will be affected as follows:

1. Fully licensed (Class 5) for less than two (2) years; **No impact to Driving Record**
2. Fully licensed (Class 5) for two (2) years or more; **Maximum Driving Record 0**

Note: The maximum Driving Records for lapses of insurance and no prior insurance apply regardless of Driver Training.

2. A **Licence Suspension** of less than 12 months will be rated at a **Maximum Driving Record 5** when the licence is reinstated.

For more information, refer to page C7

CLASS 05 and 06 DRIVING RECORD

The Driving Record for Class 05 and 06 (occasional drivers under 25) will each be regarded as a separate vehicle for the purpose of determining Driving Record. Therefore, the terms "Any operator" and "All operators" refer separately to each of the principal class, 05 and 06 class.

Example:

Principal driver, pleasure use, licensed 6 years = Class 01, **DR6**

Occasional driver, son aged 19, accident 2 years ago = Class 06, **DR2**

DRIVER TRAINING

Drivers with Driver Training

1. If operator is fully licensed less than 1 year, DR3 will apply.
2. If licensed at least 1 year, but less than 5 years, DR4 will apply.

Drivers Without Driver Training

If operator is fully licensed less than 4 years, we will add 1 year credit to the time actually licensed, subject to maximum DR4 (e.g. licensed 2 years=DR3; licensed 4 years=DR4).

ACCIDENT FORGIVENESS

Accident Forgiveness Eligibility (Renewals Only)

Driving Record 5, 6 Ideal and Elite

Once the driver is free of at-fault accidents within 6 years, the driving record will improve (subject to driving record eligibility).

Driving Record 0, 1, 2, 3, 4

For the first Liable and Chargeable accident, the driving record will drop to zero.

The driving record will improve for each year accident-free (subject to driving record eligibility).

OTHER RATING FACTORS

Minor Convictions

Based on the number of minor convictions, the following factors will be applied.

CONVICTIONS	FACTOR
0	1.00
1	1.32
2	1.46
3	1.60
4*	1.00

- * The conviction record of the highest rated operator (listed driver with highest percentage from conviction table above and/or surcharge table on page A12) will be rated for classes 01, 14, 02, 03, 07, 08, 09, 10, 11, 12, 13, 18, 19.
- * The percentages from the conviction table and the surcharge table will be combined to determine the highest rated operator. Unless the driver is class 05/06, the remaining listed drivers will not be rated.
- * For the Class 05/06 operator (occasional driver under 25), the conviction(s) of the 05/06 driver will be rated. The convictions for any other under 25 drivers will not be rated if there is an 05/06 operator on the vehicle. The driver with the lowest driving record should be the assigned 05/06 driver.
- * Surcharge rules apply for drivers with 4 or more convictions.
- * Same as the surcharge, this rating factor applies to Bodily Injury, Property Damage, Direct Compensation for Property Damage and Accident Benefits and Collision coverages, including Collision portion of the All Perils coverage.

Driver Age

Depending on the age of the driver, an age factor is applied to adjust the driver's premium.

The factor applies to Bodily Injury, Property Damage, Direct Compensation for Property Damage and Accident Benefits, Collision, Comprehensive, Specified Perils coverages, including the Collision and Comprehensive portions of the All Perils coverage.

This factor applies to Principal Driver and also to Class 05 and 06 drivers.

SNOW VEHICLES

POLICY TERM

Policies are written for periods of 12 months only. Premiums already take into account the seasonal nature of snow vehicles (see cancellation table below) so there is no need for either short term policies or for the addition/deletion of operating coverages throughout the year.

MINIMUM COVERAGE

All policies must include Mandatory coverage (Bodily Injury, Property Damage, Direct Compensation for Property Damage and Accident Benefits).

Three packages are available:

- DELUXE: Mandatory coverage plus All Perils, with a choice of limits and deductibles
- STANDARD: Mandatory coverage plus Comprehensive, with a choice of limits and deductibles
- ECONOMY: Mandatory coverage plus Specified Perils, with a choice of limits and deductibles; or Mandatory coverage only, with a choice of limits

All packages include:

- AB-SEF 19: Limitation of Amount Endorsement (if applicable); and
- AB-SEF 32: Recreational Vehicles Endorsement, with no premium charge

- AB-SEF 44: Family Protection Endorsement is optional

RESTRICTIONS

Rates apply to owned units that are used for personal and pleasure use only. Commercial, demonstration or racing purposes are excluded.

We do not insure mini-models designed specifically for use by children under the age of 10.

If the principal operator is under the age of 25, the unit must not exceed 500c.c. engine capacity.

TRAILERS FOR TRANSPORTING SNOW VEHICLES

Trailers upon which snow vehicles are carried must be insured on the same policy as the automobile that tows the trailer. If automobile and snow vehicle are insured on separate policies, add the towing trailer to the **automobile** policy. See *Section F* for trailer premiums.

RATING GROUPS

Use List Price New (LPN) for new vehicles; use Current Value (ACV) for used vehicles. Include all applicable sales taxes.

Include the value of any toboggan or sled type trailer towed by the unit, plus customized features, permanently attached equipment, and all applicable taxes.

We do not insure Motor Homes for mandatory coverage only, if the physical damage coverage is insured elsewhere.

A minimum deductible of \$500 is applicable to all Physical Damage Coverage on all units valued at \$50,000 or more.

All policies with physical damage coverage include:

AB-SEF 19: Limiting the Amount Paid for Loss or Damage Coverages (based on declared ACV)

OPTIONAL COVERAGE

AB-SEF 20: Loss of Use (\$900 occurrence limit)

AB-SEF 43R: Limited Waiver of Depreciation (owned vehicles); and

AB-SEF 43R(L): Limited Waiver of Depreciation (leased vehicles). Coverage applies to first owner/lessee if the unit was new when purchased/leased. Duration of cover age is 60 months. There is no premium charge, but the Rating Group must always be based on the List Price New (LPN) of the vehicle, including taxes, to maintain premium adequacy.

AB-SEF 44: Family Protection Coverage

MTP 58A: Motor Home Travel Package (Plan A). Provides Emergency Road Service (\$100); Additional Living and Travel Expense (\$250 per person, \$500 max. per occurrence); and Personal Property (\$2,500).

MTP 58B: Motor Home Travel Package (Plan B). Provides the same coverage, but with double limits.

TRAILERS AND CAMPER BODIES

TRAILERS

A Trailer refers to any vehicle, whether two or four-wheeled, not equipped with its own motive power but hauled by a motor vehicle with a Gross Vehicle Weight of 4,500 kg or less.

1. Private Use Trailers

Trailers attached to Private Passenger type automobiles which are:

- (a) NOT used to carry people (or animals);
- (b) NOT used for commercial purposes; and
- (c) NOT equipped with living quarters.

These include utility trailers attached to a private car to haul a boat, snowmobile or supplies to a summer cottage or on a hunting, camping or holiday trip.
Also includes tent trailers.

2. Cabin Trailers

Trailers equipped with home conveniences.

3. House Trailers

These are usually large, heavy trailers that are fully equipped as living quarters and, unlike the smaller cabin trailer, contain several rooms, including bedrooms, kitchen, etc. Most house trailers should be hauled by a truck rather than a private passenger automobile.

For coverage and rates, refer to Company giving details of list price, dimensions, weight, brakes, type of trailer hitch, and means of attachment.

4. Commercial Use Trailers

Trailers attached to a private passenger automobile but used for commercial purposes. Refer to Company for eligibility and rates.

5. All Other Trailers

Refer to Company for eligibility and rates.

CAMPER BODIES

Camper Bodies are specially constructed units with living accommodation which can be mounted on the body of a pick-up truck and are removable. They will be considered as trailers under the wording of General Provisions, Definitions and Exclusions 5(f) of the Automobile Policy.

Camper Bodies are to be shown and rated as separate vehicles on the policy, applying trailer rates, for the applicable value.

In the event of a claim involving Physical Damage Coverage, one deductible will apply when the camper body is attached to the vehicle.

RULES

1. Premiums shown are based on the premise that such units are used on a seasonal basis. They are Minimum Retained Premiums. Refer to Company for consideration in cases where the Insured produces proof of sale.
2. Liability is included, subject to the limit applicable to the towing vehicle.
3. Accident Benefits included.
4. Canada Inter-Provincial Cards are not required for trailers.

COLLECTOR VEHICLES

Collector Program – Eligibility

1. A signed, fully completed Collector Vehicle Supplement form must be submitted with the application.
2. The vehicle must be 30 years or older. The vehicle must be rare and/or no longer manufactured. Due to limited production and/or special features, the vehicle must have significant collector appeal and be appreciating in value.
3. Older vehicles with a higher value based solely on a better than normal standard of care and/or lower than average mileage are not eligible for this program. These vehicles should be written in the regular market using private passenger vehicle rates.
4. The use of the vehicle must be limited to hobby pursuits such as exhibitions, parades, and club functions such as meets and cruises. Rare weekend driving in the summer is permitted, however, the annual mileage should normally not exceed 2,000 kilometers. Vehicles used for commuting, regular summer driving, winter driving and/or regular transportation are excluded from this program.
5. The vehicle must be in excellent, show worthy condition. All vehicles submitted should be certified and plated (exceptions can be made for un-plated vehicles taken by trailer to vehicle shows). We are not a market for vehicles undergoing extensive restorations. Vehicles in the final stages of restoration will be considered on a referral basis.
6. The vehicle should be safely stored in the garage or at a locked location to protect against theft, vandalism, and adverse weather.
7. Under no circumstances can the vehicle be modified for speed or racing. Full details of any and all body, suspension, tire and engine modifications must be listed and detailed on the appraisal. Modifications related to appearance only, or the replacement of a current version of original deteriorated or unavailable items are acceptable. If the engine has been replaced, the risk must be referred to the company.
8. Program is available for personal use vehicles. Specialty vehicles such as (but not limited to) fire trucks, hearses, and army jeeps are not eligible.
9. Vehicles used for commercial purposes and vehicles in a company name are not eligible.
10. Kit cars are not eligible.
11. Vehicles acquired for restoration and immediate resale are not eligible.
12. Liability only and comprehensive only vehicles are not eligible for this program. All premiums except Comprehensive and the Comprehensive portion of All Perils are fully earned.

Collector Program – Eligibility (continued)

13. A current (not older than 12 months), comprehensive, quality appraisal from an accredited, qualified independent appraiser, who is familiar with this type of vehicle, must accompany each vehicle submitted. Each appraisal must be accompanied by a series of clear color photos, which must include the engine bay and show the vehicle from all angles. All appraisals must include:
 - a. A full identification and description of all components and modifications (if any), including the engine, suspension, tires, etc.
 - b. A description of the overall condition of the vehicle
 - c. A description of the history of the vehicle and why it is valuable
 - d. A statement of the appraised value, including tax. It should also identify how the value was determined
 - e. A list of accreditations or qualifications of the appraiser. Evaluations from a service center, dealership, appraiser, etc. that do not have specialized knowledge of antique vehicles are not acceptable. Government evaluation forms (usually used for transfer of ownership) are also not acceptable.
14. The appraised amount must be for market value including tax. Coverage for the replacement value is not available (i.e. we will pay for a vehicle of comparable quality, not the cost of all of the parts that have been added or the cost of the restoration work).
15. The AB-SEF 19 will be applied to all vehicles. Updated appraisals are required every 5 years.
16. The Company reserves the right to offer the AB-SEF 19A provided the value of the vehicle can be established with a quality appraisal. Updated appraisals are required every 5 years. All requests for the AB-SEF 19A are a company referral.
17. The policy term is 12 months.

DEFINITIONS

ACCIDENT RATING DEFINITIONS

“Liable and chargeable” means an **at-fault or partially at-fault** incident arising from the ownership, use or operation of any automobile, as a consequence of which:

1. An amount has been paid in respect of Bodily Injury, Property Damage (other than Direct Compensation-Property Damage), Accident Benefits, Collision damage, or the Collision portion of All Perils; or
2. A loss reserve remains open but is unsettled or unpaid; or
3. A civil suit is pending against the Insured or any listed driver; or
4. Another insurer assumes the loss under Uninsured Automobile or SEF 44 coverage for an uninsured loss due to denial of the claim from a policy violation; or
5. An at-fault loss previously with no payout has been re-opened for a reserve or a payment has been made.

Any such incident is considered **chargeable** (ratable) and impacts the Driving Record for all coverages.

“Liable but non-chargeable” means an **at-fault or partially at-fault** incident arising from the ownership, use or operation of any automobile, as a consequence of which:

1. Collision damage occurred, but the Insured chose to repair their vehicle at their own expense; or
2. Collision damage was less than the Collision or All Perils (Collision portion) deductible; or
3. Another insurer **did not** assume the loss under Uninsured Automobile or SEF 44 coverage for an uninsured loss due to a) absence of coverage, or b) claim denial due to a policy violation.

Any such incident is considered **non-chargeable** (non-ratable) and will not affect the Driving Record.

Note: Claims, once paid, cannot be reimbursed for the purpose of maintaining a claims-free rating.

“Non-Liable” means an incident in which the driver is considered to be 100% not at-fault. The following types of incidents involving damage to the insured’s vehicle are also considered to be **not at-fault**:

1. Damage caused by a hit-and-run driver, provided the accident was reported to police authorities within 24 hours of the incident;
2. Damage caused while legally parked, provided the accident was reported to police authorities within 24 hours of the incident;
3. Damage to the insured automobile caused by an identified but uninsured automobile, if the accident is reported to police authorities within 24 hours of the incident;
4. Claim expenses only, payments under Accident Benefits only, medical first aid expenses only, or any combination thereof;
5. Damage caused by a peril within the scope of Comprehensive, Specified Perils, or the Comprehensive portion of All Perils coverage.

Any such incident is **non-chargeable** (non-ratable) and will not affect the Driving Record.

DEFINITIONS (continued)

ARTISAN

For rating purposes, this designation applies only to light commercial vehicles (maximum 4,500 kg GVW) used by tradesmen such as carpenters, plumbers, electricians, etc.

They are used only to transport the driver's tools-of-the-trade and small amounts of materials. They are parked and immobile at job sites for most of the business hours.

They are not used for any retail or wholesale delivery or used in any other business capacity.

Artisan rates (Class 35) take the vehicle's limited use into consideration. Any risk that does not meet all of the above criteria must not be rated as Artisan.

CHANGE OF OWNERSHIP

A new application will be required in the name of the new owner. The existing policy will be cancelled pro-rata.

COMMERCIAL AUTOMOBILE

- (a) A motor vehicle of the truck type. This includes tractors, delivery sedans, jeeps and automobiles with pick-up bodies
- (b) A motor vehicle of the private passenger type which has been altered, i.e. platform or box attached or structural alteration of the body to provide for transportation of merchandise or products or other commercial use.

Exceptions

- (a) A motor vehicle used as a public or livery conveyance or for emergency purposes
- (b) Motor vehicles used for demonstrating or testing, or held for sale by an automobile dealer
- (c) A truck with a gross vehicle weight of 4,500 kilograms or less, used for pleasure or business purposes (for this type, see Private Passenger Automobile)

DUAL TERRITORY

When a vehicle is operated regularly from one Rating Territory to (or through) another Territory, premiums will be calculated using the highest rated territory in which the vehicle will be operated.

DUAL USE

When a vehicle is used for **two or more types of business**, premiums will be calculated using the highest applicable Rating Class.

When a vehicle is used for **Commercial and Pleasure use**, Private Passenger rates will be used if they are higher than the applicable Commercial rates. This rule will be waived if we also insure the driver's private passenger rated vehicle.

DEFINITIONS (continued)

FARMERS

Commercial farm rates (Class 33 and 34) apply only to vehicles that are used almost exclusively on farm property, with limited public road exposure. There must be no retail or wholesale delivery of produce or animals to market; otherwise regular commercial rates apply (e.g. produce, poultry, livestock, etc.)

Farm rates are very low, reflecting the minimal exposure anticipated. Any risk that does not meet all of the above criteria must not be rated as a Farm Truck.

FISHERMEN

Commercial fishermen rates (Class 33 and 34) apply only to vehicles that are used by full-time fishermen with no other gainful occupation. The vehicle is generally parked and immobile during fishing operations and must not be used for retail or wholesale delivery.

Fishermen rates are very low, reflecting the minimal exposure anticipated. Any risk that does not meet all of the above criteria must not be rated as Fishermen.

FLEETS

For fleet rating to apply, a policyholder must satisfy the requirement for each provincial jurisdiction in which they have vehicles registered to qualify for fleet rating. Vehicles located in other jurisdictions, including any located outside of Canada, cannot be considered in determining if the risk meets the provincially based definition.

In order for a risk to qualify as a fleet in Alberta, there must be a group of not less than five automobiles that are under common ownership or management, of which at least five are commercial vehicles, public vehicles or vehicles used for business purposes, including any vehicles leased to the same insured person for a period in excess of 30 days.

Providing the above criteria are met, fleet rating can be applied. It is not permissible to include under any employer's policy the cars owned by salespersons, employees or relatives.

The following information must be submitted to the company:

- (1) The name and address of the applicant
- (2) List of eligible automobiles, list price new, exact use, radius of operation, cargo hauled, and coverages required
- (3) Current list of all drivers including their licence number, driving experience and age
- (4) Name of the prior carrier, the policy number, number of years on risk and is renewal being offered
- (5) Detailed three to five-year claims experience

GROSS VEHICLE WEIGHT (GVW)

This is the vehicle's net (tare) weight, *plus* the heaviest load capacity it is licensed to carry. Where possible, do not rely on the Manufacturer's tonnage as it is variable.

In the case of tractor-trailer combinations, use the licensed load capacity of the trailer(s) when determining GVW.

MINIMUM RETAINED POLICY PREMIUM

The minimum retained policy premium is \$25 per policy, unless indicated otherwise.

Where a policy provides coverage for two or more risks or coverages that are subject to special minimum premiums, the minimum retained policy premium shall be the sum of such special minimum premiums.

POLICY TERM

New policies may be written for a period of 12 months only. For existing 6-month policies, charge 50% of the annual premium.

RADIUS OF OPERATIONS

This normally refers to the distance between the starting point and the furthest destination of travel. However, for the purposes of this definition it shall mean **the total round-trip distance, divided by two**.

Many vehicle operations do not simply travel directly from Point A to B and back, but may involve circuitous routes, either on the outbound or homeward bound part of the journey.

TRUCKMEN

Common Carrier – An individual or company engaged in the business of transporting freight or goods for others. Rate as Truckmen.

Contract Carrier – An individual or company engaged in the business of transporting freight or goods for others but limited to a number of contract customers. Rate as Truckmen.

Private Carrier – An individual or company engaged in the business of transporting freight or goods but limited to owned products only. Rate as per “Type of Use” and radius of operations as shown.

YEARS LICENSED

For commercial vehicle operation, this refers to the number of years a driver has held a permanent commercial licence to operate the type of vehicle being insured (e.g. Class A license for tractor-trailers). There is no credit for years licensed to drive other types of vehicles.

For light commercial vehicles where Class 5 and Class 5 GDL licence is sufficient, the beginner (Class 7) level of the Graduated Licensing System does not qualify as years licensed.

CANCELLATION TABLES

FLAT CANCELLATIONS

New Business – No flat cancellations are permissible.

Renewal Business – If coverages are not required for the renewal term, flat cancellation will be allowed ONLY if the renewal is returned to the company within 45 days of inception date, except on certificated policies in which case the full earned premium will be retained.

DISCOUNTS

DUAL POLICY DISCOUNT

A Dual Policy Discount (DPD) applies to automobile premiums of eligible vehicles, provided we also insure the commercial property or personal property on a policy issued by either The Dominion of Canada General Insurance Company, Travelers Insurance Company of Canada, or St. Paul Fire and Marine Insurance Company.

The discount is **10% of the total premium** of each eligible vehicle and trailer (including ASEF/SEF premiums).

The discount applies to vehicle classes 35, 36, 43, 44, 45 and 46 including trailers, plus class 75 (Funeral Directors).

The discount can apply to **more than one** automobile policy and policy terms do not have to be concurrent.

The discount can apply **midterm**. It is not necessary to wait until the next renewal date to qualify. All we need is the cross-reference Commercial Property policy number on the automobile application or midterm change request.

Risks **not** eligible for the DPD are those which (a) are subject to an accident/conviction surcharge; or (b) are rated as Fleets, Garage, or Public vehicles (other than Funeral Directors).

CONVICTION FREE DISCOUNT

A Conviction Free Discount applies to automobile premiums of commercial vehicles and trailers where all assigned drivers are conviction free in the last three years.

A **10% discount** applies to premiums for Bodily Injury, Property Damage, Direct Compensation-Property Damage, Accident Benefits, Collision or Upset, Comprehensive, Specified Perils and All Perils coverages.

All assigned drivers must be continuously licenced for the last three years.

DRIVING RECORD QUALIFICATIONS

Applicable to all Driving Records: The Principal operator must have owned, leased or operated a “SIMILAR” commercial type vehicle for the number of years equivalent to the associated Driving Record.

Example: The Principal Operator of a commercial automobile has been licensed for 15 years but has only been operating a similar type of commercial automobile for the last 4 years. Driving Record 4 will apply to that vehicle.

Driving Record 6

A commercial automobile (including commercial trailer) will be eligible for Driving Record 6 when:

1. The Principal Operator is licensed for 6 or more years as at the policy effective date
2. All operators, no pre-The Dominion or The Dominion liable and chargeable accidents within the last 6 years of the policy effective date.

Driving Record 5

A commercial automobile (including commercial trailer) will be eligible for Driving Record 5 when:

1. The Principal Operator is licensed for 5 or more years as at the policy effective date
2. All operators, no pre-The Dominion or The Dominion liable and chargeable accidents within the last 5 years of the policy effective date.

Driving Record 4

A commercial automobile (including commercial trailer) will be eligible for Driving Record 4 when:

1. The Principal Operator is licensed for 4 or more years as at the policy effective date
2. All operators, no pre-The Dominion or The Dominion liable and chargeable accidents within the last 4 years of the policy effective date.

Driving Record 3

A commercial automobile (including commercial trailer) will be eligible for Driving Record 3 when:

1. The Principal Operator is licensed for 3 or more years as at the policy effective date
2. All operators, no pre-The Dominion or The Dominion liable and chargeable accidents within the last 3 years of the policy effective date.

Driving Record 2

A commercial automobile (including commercial trailer) will be eligible for Driving Record 2 when:

1. The Principal Operator is licensed for 2 or more years as at the policy effective date
2. All operators, no pre-The Dominion or The Dominion liable and chargeable accidents within the last 2 years of the policy effective date.

Driving Record 1

A commercial automobile (including commercial trailer) will be eligible for Driving Record 1 when:

1. The Principal Operator is licensed for 1 or more years as at the policy effective date
2. All operators, no pre-The Dominion or The Dominion liable and chargeable accidents within the last 1 year of the policy effective date.

Driving Record 0

All commercial automobiles (including commercial trailers) that do not qualify as Driving Records 6, 5, 4, 3, 2 or 1 will only be eligible for Driving Record 0.

DRIVING RECORD QUALIFICATIONS (continued)

ACCIDENT FORGIVENESS

Eligibility for the Commercial Lines Accident Forgiveness program includes:

1. Applicable to Renewal Rating only.
2. All drivers of the vehicle have been continuously licenced for 9 or more years and qualify for Driving Record 6.
3. The automobile has no drivers with a conviction surcharge on renewal.
4. All drivers of the automobile have no "Liable and Chargeable" accidents in the previous 6 years.
5. Automobile is Class 35, 36, 43, 44, 45 or 46.
6. Commercial trailers are not eligible for accident forgiveness.

For eligible Commercially rated vehicles:

1. If you and your vehicle are eligible and you experience your first "Liable and Chargeable" accident while insured with The Dominion, your Driving Record will not be affected by the accident on renewal.
2. If you have a second "Liable and Chargeable" accident within 6 years, your automobile will be rated and display on your policy declarations as Driving Record 3.
3. Your Driving Record will remain as Driving Record 3 until you have achieved the required number of years claims free for the applicable Driving Record.

The Driving Record is not affected on renewal if the accident is either "Liable but non-chargeable" or "Non-liable".

Please refer to page E4 for Accident Rating Definitions.

NEWLY ACQUIRED VEHICLES

Where the applicant purchases an additional commercial vehicle, the Accident-Free rating shall not apply until requirements above are fulfilled.

NEW DRIVERS TO CANADA FROM COUNTRIES OUTSIDE NORTH AMERICA

Drivers who are new to North America are to be rated Driving Record 0 whether or not they have Driver Training. If they provide acceptable evidence of prior insurance, we will allow a maximum of Driving Record 1.

8	Property Damage Reimbursement This provides for an Insured to reimburse us up to a specific amount for a Property Damage loss after we have paid a Third Party claimant. 16	Agreement for Suspension of Coverage The SPF 1 covers the “ownership, use or operation” of an automobile. This form suspends Bodily Injury, Property Damage, Accident Benefits, Uninsured Automobile and Direct Compensation-Property Damage coverage arising from the use or operation of the vehicle, so the Insured still has the ownership part of these coverages (e.g. pedestrian coverage, occupancy in another vehicle). It also cancels totally the Collision or Collision portion of All Perils. Comprehensive, Specified Perils and SEF 44 remain intact, if purchased.	\$0
17	Reinstatement of Coverage Deletes the SEF 16 limitations, restoring the policy to its former coverage. Refund is based on the period of suspension.	Refer
19	Limitation of Amount For vehicles rated by price, especially where values tend to fluctuate due to restoration, improvement or customization (e.g. antique, classic, motorhome). It is not an agreed value. It limits the maximum amount payable under Section C to the limit stated on the endorsement or the Actual Cash Value (ACV), whichever is less. The limit includes taxes and is subject to deductible if applicable. This limitation does not apply to DCPD losses. Thus, with a limit of \$10,000 and a deductible of \$500, the maximum payout would be either \$9,500 or ACV less deductible.	\$0
19A	Valued Automobile(s) Provides coverage on a Valued basis. It is therefore available only on antique vehicles where the value has been verified by means of a current, independent and qualified appraisal. No premium discount. Refer to Company.	\$0

SURCHARGE NOTES

- Accident and conviction surcharge criteria apply individually to the applicant, principal operator, spouse of either and each occasional operator.
- Accident means a **Liable and Chargeable** incident.
- Surcharges apply to premiums for the Bodily Injury, Property Damage, Direct Compensation-Property Damage, Collision, and the Collision portion of All Perils coverages.
- If more than one type of surcharge applies (Minor, Major, etc.), surcharges are cumulative.
- If Minor convictions are less than 4, but are in conjunction with a Major conviction, combine and treat them as Minor in order to apply a surcharge.

Example: 3 Minor convictions = 0%

+1 Major conviction = 15% total 15% surcharge

= 4 (Minor) convictions = 25% **Apply 25% surcharge (not 15%)**

- Surcharges apply only to accidents and/or convictions within the 3 years prior to the date of application or renewal.
- Offences committed outside Canada, or in another provincial jurisdiction, that are substantially the same as those listed, are also subject to the Surcharge Schedule.
- If convictions are impaired driving **and** failure/refusal to submit to a breath or blood test relate to the same incident, they will be considered as one conviction for surcharge purposes.
- There is no maximum cumulative surcharge for commercial vehicles.

IMPORTANT. COVERAGES ARE NOT TO BE BOUND ON SURCHARGED RISKS.

RATING TERRITORY

The applicable rating territory shall be that in which the vehicle is chiefly used and usually kept. If usually kept in one territory but chiefly used in another, premiums will be based on the highest applicable territory.

However, in the case of Private Passenger rated vehicles domiciled in one location and used for daily commuting to and from work in another location, the rating territory will be deemed to be that of the domicile. (Not applicable to automobiles used for business purposes, or to Commercially rated vehicles).

NOTES

This section has been updated to provide you with preferred options in locating the applicable rating territory, as indicated in the Index above.

The first is the traditional **Territorial Boundaries by District**, based on the IICC Statistical Plan. This is provided for general information since Postal Code rating, as outlined below, provides you with the specific territory for each city, town and postal code.

The second part lists **Cities and Towns** in alphabetic sequence. We have included Postal Codes for information purposes and as a useful check that proper postal addresses are being used.

The third part provides the same data but lists **Postal Codes** in sequence, followed by the city or town. These options provide you with convenient data access, using methods to suit your preference.
