Boats	\$ 75,000		
Vacation Trailers	\$ 75,000		
Personal Liability	\$ 5,000,000		
Vacant Dwellings	refer to company		

* Includes Seasonal and Secondary Homeowners.

Premiums published in this manual do not change or extend any binding authority contained in your Broker Agreement with us.

For consideration of dwellings over 100 years old, please refer to the Company.

BINDING MORATORIUMS

During a catastrophic event such as forest fire, flood, earthquake or severe weather a temporary restriction of broker binding authority may be issued by the company. Once a binding moratorium is issued new business and changes to existing policies will be suspended within geographic areas actually or potentially impacted by the event. An official communication will be sent when a binding moratorium is issued and rescinded. Prior to the official communication, if in doubt about a risk which is in the vicinity of a catastrophic event, please contact your underwriter.

MINIMUM PREMIUMS

- For all Homeowners, Tenants, Condominium, Seasonal and Residential Property Forms, the lowest premiums are published in the manual for dwelling and/or contents, where applicable.
- For Personal Liability coverage under the Residential Property Forms:
 - if on a separate policy, \$30;
 - if added as an additional location - extend from Location #1 (see Liability tab for premiums).
- For Landlord's Liability Coverage under the Residential Property Forms:
 - if on a separate policy, \$30;
 - if added as an additional location - extend from Location #1 (see Liability tab for premiums).
- Some Floaters have their own minimum premiums (please check applicable Rate Manual page).
- A \$75 minimum premium will be applied to any manually rated policy. If you have any questions, please contact the Company.

HEATING

1. Primary Heating

Premiums are based on primary heating by the use of:

- (a) central gas or electric heating; or
- (b) an approved oil/wood or electric/wood combination furnace; or
- (c) an approved wood furnace (note: must have secondary or backup heat source other than wood); or
- (d) radiant heating using a modern hot water system.

We are not a market for:

- any wood furnace or wood add-on where natural gas heating also exists in the dwelling; or
- any homemade stoves.

These units are unacceptable as either a primary or auxiliary source of heat.

2. Heating by Fuel Oil

We will accept an oil or approved oil/wood combination furnace. However, if the age of the oil tank is 15 years old or greater, a 25% "Oil Tank Age Surcharge" will be applied.

No surcharge applies to the premium for

- Increased limits on Detached Buildings or Personal Property; or
- Tenants Packages or Condominium Packages.

A fully completed oil tank questionnaire and photo must accompany the application.

Indoor oil tanks over 15 years old and all outdoor oil tank regardless of age must be either fiberglass, double walled, double bottomed or include a secondary containment tank. All outdoor tanks must have a shielding mechanism to protect the fuel line.

Refer to company if the oil tank is over 25 years old. We are not a market for in-ground/underground oil tanks.

3. Surcharge for Primary Heating

If the "Primary Heating" arrangements are not as described above, we will apply a minimum surcharge of 75% to the published premium. The Declaration Page will then state "Primary Heating Surcharge Applies". **Please submit to us before binding. Coverage is subject to Underwriting approval. We are not a market for new business with a Primary Heating Surcharge.**

No surcharge applies to the premium for

- Increased limits on Detached Buildings or Personal Property; or
- Tenants Packages, Condominium Packages or Seasonal Residences.

4. Auxiliary Heating

All auxiliary heating must be approved as defined below. **Refer to company** if the auxiliary heating arrangements are not within our definition of "Approved Auxiliary Heating".

HEATING (cont'd)

Approved Auxiliary Heating

We are concerned with:

- space heaters;
- woodstoves;
- fireplace inserts; and
- wood-burning add-ons;

We will accept these **provided:**

- (a) any such device is CSA, ULC or Warnock-Hersey labelled; **and**
- (b) installed by a qualified heating specialist; **and**
- (c) a current, fully completed C.S.I.O. Solid Fuel Heating Questionnaire and a photo of the wood-burning unit are submitted with the application or endorsement.

For pellet stoves, please refer to the Company. We can accept pellet stoves provided they are CSA, ULC or Warnock-Hersey approved and either installed by a WETT certified professional or inspected by a WETT certified inspector. A current, fully completed C.S.I.O. Solid Fuel Heating Questionnaire and a photo should be submitted. We only accept pellet stoves that use wood based pellets.

Do not bind or quote:

- homemade stoves.

5. Wood-Burning Unit Surcharge

Apply a \$100 surcharge for each auxiliary wood-burning unit on all Homeowners and Residential Property forms.

The Declaration Page will display "Wood-Burning Unit Surcharge".

6. Chimneys

We are not a market for:

- unlined chimneys; or
- Square A chimneys.

Chimneys must be lined or labelled.

ELIGIBILITY

1. Application

For all Property policies, please submit a fully completed and signed C.S.I.O. Habitational Application Form.

The application form must be a current version in compliance with the Privacy Act.

2. Cost Guides

A current **approved** replacement cost calculator must be attached with the application for all Homeowners, Seasonal and Residential Property Forms.

As all of our Habitational Forms provide replacement cost coverage on the dwelling, we must insure to 100% of the estimated replacement cost value. Consequently, with the exception of extremely basic seasonals, we will not accept the use of economy quality construction factors.

ELIGIBILITY (cont'd)

3. Updates

All dwellings over 40 years old must be fully updated for plumbing, heating and wiring. Roofing must be updated within 25 years.

Complete update information including year and description must be provided at the time of submission (e.g. wiring, full in 2000, 200 amp service). Please provide confirmation that heating systems that are 25 to 40 years old are checked annually by a qualified, licenced professional.

4. Photos

A photo is required for:

- Homeowners - all dwellings over 35 years old;
- Rentals - all rentals regardless of age;
- Seasonals - all dwellings over 25 years old and all seasonal trailers regardless of age;
- All wood-burning units and oil tanks.

5. Wood-Burning Unit Questionnaires/Photos

A current, fully completed C.S.I.O. Solid Fuel Heating Questionnaire **and** a photo of the wood-burning unit **must accompany the application** for all dwellings, including seasonal residences, where wood is used as a Primary or Auxiliary heating source. Please note we are unable to process any application where the Questionnaire and/or photo are missing.

6. Oil Tank Questionnaires/Photos

A fully completed Oil Tank Questionnaire **and** a photo of the oil tank **must accompany the application** for all dwellings, including seasonal residences, where oil is used as a Primary or Auxiliary heating source. Please note we are unable to process any application where the Questionnaire and/or photo are missing.

7. Age of Oil Tank

If oil heating, the age of the oil tank must be stated on the application and/or Oil Tank Questionnaire. Otherwise, the 25% "Oil Tank Age Surcharge" will be applied.

8. Log Construction

We are not a market for any type of log construction including: hand-hewn, solid, pre-fabricated or "Pan Abode", kit, manufactured, log veneer, log siding and post and beam.

DWELLINGS UNDER CONSTRUCTION

A dwelling which is currently under construction may be written on the following Forms:

- Canadian Classic Homeowners Form;
- Broad Homeowners Form;
- Residential Property Broad Form;
- Residential Property Standard Form; or
- Seasonal Standard Form.

Coverage Limitations

Please note the limitations in the policy wordings with respect to loss or damage caused by (if applicable):

- Vandalism, Malicious Acts;
- Breakage of Glass;
- Rupture, Water Escape; and
- Theft.

Eligibility Requirements

The ability to write a Dwelling Under Construction is subject to Underwriting approval and the following eligibility requirements:

- the dwelling is intended to be used as the policyholder's principal or seasonal residence;
- the dwelling is insured to 100% of the estimated "completed" replacement cost value;
- the dwelling will be completed within 12 months of the inception date for acceptance under a Homeowners Form, taking into account construction delays and work being performed during the winter months. Otherwise, the risk will have to be written under a Residential Property Form;
- the dwelling must be built solely by an independent contractor. Otherwise, the risk will have to be written under a Residential Property Form;
- a minimum \$500 deductible is applied on all Homeowners Forms and the Residential Property Broad Form, as on-premises coverage is provided for theft of building materials and supplies.

COURSE OF CONSTRUCTION EXTENSION

Coverage on the Dwelling Building and Detached Building(s) may be extended to provide coverage for:

- Vandalism, Malicious Acts;
- Glass Breakage; and
- Water Escape and Rupture.

subject to the following eligibility criteria:

- (a) the risk must qualify as a “Dwelling Under Construction” under the Eligibility requirements;
- (b) the dwelling is insured under either the Canadian Classic or Broad Homeowners Forms;
- (c) there is a minimum \$1,000 deductible on the policy.

PREMIUM We will apply a 25% surcharge to the published premium, subject to Valued Customer Rating.

The Declaration Page will state “**Course of Construction Extension Applies**”.

For details of how to calculate credits, see Premium Calculations.

Clear Language Form 9579.

CONSTRUCTION LIABILITY EXTENSION RIDER

This Rider may be added to the Seasonal Residence Standard form or a Residential Property form only. Coverage will be extended to include liability arising from the construction of a one, two or three family residence by the policyholder, or by the policyholder and an independent contractor, to be occupied by the policyholder upon completion.

Coverage includes Employer’s Medical Payments as described in the Rider.

- \$1,000,000 liability limit \$35
- \$2,000,000 liability limit \$45
- \$3,000,000 liability limit \$55
- \$4,000,000 liability limit \$65
- \$5,000,000 liability limit \$75

COURSE OF CONSTRUCTION CREDIT

Available only under the Residential Property Form or the Seasonal Residence Standard Form. The dwelling premiums are reduced by 10% until completion of the dwelling or the first policy term, whichever is less.

For details of how to calculate credits, see Premium Calculations on page B6.

CANCELLATIONS

NEW BUSINESS Flat cancellations are not allowed on new business.

RENEWALS We will allow a flat cancellation if a renewal is returned to us within 45 days of the renewal date. Otherwise an earned premium will be charged.

DEDUCTIBLES

Deductible options are indicated on each premium page. The discount or surcharge for any applicable deductible option does **not** apply to increased limits on Detached Buildings or Personal Property.

DELETION OF REPLACEMENT COST CONTENTS

Available on Rented Condominiums and Seasonal Condominiums (Standard form) only, decrease the published premium by 10%.

PREMIUM CALCULATIONS

When calculating the policy premium involving Credits, Surcharges or higher Deductible Options, please use the following formula:

- (1) Determine the published premium from the applicable premium pages. If **Replacement Cost Coverage on Contents** is not required, decrease the published premium by 10%. Applicable to Rented Condominiums and Seasonal Condominiums (Standard form) only;
- (2) If a Rented Condominium, add the applicable 20% surcharge; or if a Seasonal Condominium, add the applicable 10% surcharge, (then sub-total);
- (3) Add the percentages of all applicable Habitational Credits (including the Course of Construction Credit), the Age of Dwelling Surcharge, the Multi-Family Surcharge, the Oil Heating Surcharge, the Primary Heating Surcharge and the Course of Construction Extension Surcharge together. Apply the total combined percentage to the premium established above (then sub-total). Habitational credits are capped at 75%;
- (4) Apply the discount or surcharge for any applicable Deductible Option (then sub-total); apply the factor for Wind Hail Deductible Option (the sub-total).
- (5) Then add the applicable premium surcharge for each auxiliary wood-burning unit and all other coverages, including Sewer Back-up and Surface Water Rider and increased limits on Detached Buildings, Personal Property and Liability Coverage.

LANDLORD (RENTAL) EXPOSURES

A landlord (rental) exposure may be written as follows:

- Rented Dwelling
- Rented Condominium
- Multi-Family Homeowners

We are not a market for new landlord (rental) exposures built prior to 1980.

For new landlord (rental) exposures built in 1980 or newer, proof of an acceptable water (lead) test result must be provided. If an unacceptable water (lead) test result, the risk location is ineligible.

SOLAR PANELS

We will accept owned solar panels and solar shingles installed for personal use by a qualified and certified contractor, provided:

- The power is not sold back to the power grid or other external energy provider;
- The roofing had been updated within 10 years of the date of installation;

ADDITIONAL COVERAGES

BY-LAW COVERAGE ENDORSEMENT RIDER (Limited Form)

Coverage for up to \$25,000 is automatically included on the Canadian Classic and Broad Homeowners forms at no additional charge.

This Rider may be added to a rental property written on a Residential Property form.

Coverage is provided for the additional cost of demolition, construction or repair of the dwelling necessitated by a municipal by-law.

This is a limited Endorsement with only two coverage amount options available. Please note, we will not permit more than one Endorsement to be added to an individual dwelling (i.e. additional coverage protection will not be provided by adding multiple Endorsements).

The \$25,000 By-Law coverage for Homeowners policies cannot be increased.

Homeowners Forms

- \$25,000 coverage Included

Residential Property Forms

- \$10,000 coverage \$10
- \$25,000 coverage \$25

Clear Language Form 9562.

GUARANTEED REPLACEMENT COST

Coverage for Guaranteed Replacement Cost on the Dwelling Building is included on all Homeowners Forms at no additional charge.

The Guaranteed Replacement Cost Extension is available on the Residential Property Broad Form for an additional premium charge of \$10.

For any risk with Guaranteed Replacement Cost, the dwelling must be insured to 100% of its estimated replacement cost.

A fully completed, current and approved replacement cost calculator must be submitted along with the construction year of the dwelling.

Structural alterations or additions during the policy term, exceeding in value of \$5,000, must be reported within 30 days of completion or this Extension of coverage will be voided.

This Extension is not available on the Residential Property Standard Form.

Clear Language Form 9548.

RESIDENCE GLASS RIDER

This Rider is designed to extend coverage for direct loss or damage caused by the breakage of glass on the following:

- Seasonal Residence Standard Form
- Seasonal Residence Special Form
- Residential Property Standard Form

Coverage is subject to a \$200 deductible for a premium of \$25.

The Residence Glass Rider can also be added to any form type (other than Tenants) to reduce the glass breakage deductible to \$200.

Clear Language Form 9561.

HOMEOWNERS LOSS ASSESSMENT COVERAGE

Coverage is provided under a Homeowners policy for assessments by the association of property owners, provided it is for loss or damage by a peril we insure.

The policy deductible applies.

- \$20,000 limit\$10
- \$30,000 limit\$15
- \$50,000 limit\$20

Coverage is also extended for up to 100% of Coverage E - Personal Liability limit for Liability Loss Assessment.

Clear Language Form 9581.

SEWER BACK-UP AND SURFACE WATER RIDER

Sewer Back-up and Surface Water Rider

Refer to Clear Language Form 9588 - Sewer Back-up and Surface Water Rider for coverage details. Eligibility and premium are based on geographic location, claims history and the mitigation measures taken to prevent future losses.

Geographic Location

For Homeowners, Residential Property and Seasonal risks, sewer back-up and surface water tiers are used to reflect the history of sewer back-up, surface water and related water losses in the area and the potential for future claims. For sewer back-up and surface water tier definitions by postal code please refer to the Territory Definitions section of the rate manual.

Claim History

The history of losses at the location is a key consideration for eligibility. Please indicate the cause of the sewer back-up, surface water and related water losses and whether the loss occurred at the current location.

Mitigation Measures

Acceptable mitigation measures are:

- The installation of a backwater valve; or
- The installation of a sump pump with a battery, generator or water powered back-up.

Proof of the completed work is required. All work must be completed by a licensed professional.

The Sewer Back-up and Surface Water Rider is not available if there have been two or more sewer back-up, surface water, flood and/or ground water losses at the risk location in the last 5 years, regardless of mitigation measures that have been taken.

FLOOD WATER RIDER

FLOOD WATER RIDER

Refer to Clear Language Form 9568 – Flood Water Rider for coverage details. Eligibility and premium are based on geographic location and claims history. Sewer Back-up and Surface Water coverage must be on the risk location to purchase the Flood Water Rider.

Flood coverage may be added to any Homeowners, Tenants, Condominium, Seasonal or Residential Property Form (dwelling coverage required). Coverage is not available if there has been 1 or more flood related loss in the past 5 years or if coverage for Sewer Back-Up and Surface Water is no longer present.

The limit for Flood coverage will be the same as coverage for Sewer Back-Up and Surface Water. The Flood Water Rider is subject to a minimum \$2,000 deductible, but will follow the risk location deductible when the risk location deductible is > \$2,000.

Flood coverage is not available when Coverage A is $\geq$ \$2,500,000 for Homeowners, Seasonal and Residential Property or when Coverage C is $\geq$ \$800,000 for Condominium and Tenants.

Flood coverage cannot be backdated. Once coverage has been added to a risk location, coverage cannot be removed and the coverage limit cannot be changed within the policy period. If the Flood Water Rider is removed, it cannot be added back for a minimum of 12 months.

For **Homeowners, Residential Property and Seasonal Forms**, please refer to your comparative rating service for premiums.

GROUND WATER RIDER

GROUND WATER RIDER

Refer to Clear Language Form 9567 – Ground Water Rider for coverage details. Eligibility is based on claims history. The Flood Water Rider must be on the risk location to purchase the Ground Water Rider.

Ground Water coverage may be added to any Homeowners or Seasonal Form. Coverage is not available if there has been 1 or more ground water related loss in the past 5 years or if coverage for Flood Water Rider is no longer present.

The limit of Ground Water coverage is up to a maximum of \$50,000 and cannot exceed the limit of the Flood Water Rider. Lower limits for Ground Water coverage are only available when the limit of the Flood Water Rider is < \$50,000 (i.e. the limit must follow the Flood Water Rider, up to a maximum \$50,000).

The Ground Water Rider is subject to a minimum \$2,000 deductible, but will follow the risk location deductible when the risk location deductible is > \$2,000.

Clear Language Form 9533.

WIND AND HAIL DEDUCTIBLE

This deductible is applied to Wind and Hail claims only on Homeowners, Residential Property and Seasonal locations. The deductible applied varies based on the location of the insured dwelling as determined by Tiers. The Tiers and base deductible are as follows.

Tier	Standard Wind and Hail Deductible	
Tier 1	\$1000	Anything not otherwise specified
Tier 2	\$1500	T1H, T1J T2C, T2J, T2P, T2R, T2S, T2T, T2V, T2Z T3B, T3E, T3M T4C T7S, T7Y T8G T9A, T9C, T9M, T9V, T9W, T9X
Tier 3	\$2000	T1A, T1B, T1C, T1G, T1L, T1M T2B, T2G, T2H, T2L, T2M, T2N, T2W, T2X, T2Y T3A, T3C, T3G, T3H, T3L, T3R, T3S, T3Z T7A, T7ZJ
Tier 4	\$2500	T0C, T0J, T0K, T0L, T0M T1P, T1R, T1S, T1V, T1W, T1X, T1Y, T1Z T2A, T2E, T2K T3J, T3K, T3N, T3P T4A, T4B, T4E, T4G, T4H, T4J, T4L, T4M, T4N, T4P, T4R, T4S, T4T, T4V

A lower Wind and Hail deductible can be purchased for the following amounts:

Wind Hail Deductible	Tier 1	Tier 2	Tier 3	Tier 4
\$500	5%	18%	22%	25%
\$1000	0%	10%	18%	20%
\$1500	0%	0%	10%	15%
\$2000	0%	0%	0%	10%

The additional premium is applied as the last step of the calculation for the dwelling premium. The factor is applied after the amount for the base deductible is calculated (see section B).

Policyholders cannot purchase a lower Wind and Hail Deductible than the residence deductible for the location.

HABITATIONAL CREDITS

HABITATIONAL CREDITS

The following Credits apply only to the published premium on **Homeowners, Tenants and Condominium Packages** (unless otherwise specified). Credits do not apply to any additional coverages, including increased limits on Detached Buildings or Personal Property. MULTI FAMILY SURCHARGE

Homeowners premiums for dwellings with two or more families are subject to a 12% surcharge.

ELIGIBILITY

Premiums apply only when:

- it is a one, two or three family dwelling and used as a principal residence by the policyholder;
- the dwelling is insured to 100% of the estimated replacement cost value;
- there is reasonable claims experience; and
- the dwelling has "approved" auxiliary heating.

Note: A **liability** premium is charged for each additional family unit we permit.

Secondary Residences

Where an applicant has two year round locations, we are prepared to consider a secondary residence subject to the following:

- (a) we insure the principal residence on a package policy;
- (b) the building is constructed as a year round residence (not a winterized cottage), full plumbing and hydro systems with central or electric heating;
- (c) the building is occupied a minimum of once every 60 days throughout the year.

HEATING

There is no premium charge for approved primary heating source.

For unapproved primary heating, subject to underwriting approval, the applicable Primary Heating Surcharge will apply.

A \$100 surcharge applies for each auxiliary wood-burning unit regardless of Homeowners form.

AGE OF DWELLING SURCHARGE

Homeowners premiums are subject to the following Age of Dwelling surcharge:

Built after 1959	0%
Built 1930 to 1959	5%
Built prior to 1930	10%

Please note, the Age of Dwelling Surcharge does not display on the Declaration page, but rather is included in the base premium.

For consideration of dwellings over 100 years old, please refer to the Company before binding.

CANADIAN CLASSIC CONDOMINIUM EXTENSION

Policies written under our Canadian Condominium Form ("All Risk" form) with a minimum Personal Property coverage amount of \$70,000 are eligible for the **Canadian Classic Condominium Extension**. This Extension will be added automatically at no additional premium charge.

With this Extension, the following coverages are provided:

- **Contingent Coverage** is increased to 300% of the Personal Property amount;
- **Loss Assessment Coverage** is increased to 300% of the Personal Property amount; and
- **Sewer Back-up and Surface Water Coverage** is included. Please note, this coverage is built into the Extension Rider. (i.e. Form 9588, the Sewer Back-up and Surface Water Rider will not be produced).

Policies with a coverage amount less than \$70,000, plus all Standard Form Condominium policies (regardless of coverage amount), are not eligible for this Extension.

Clear Language Form 9574.

DEFINITIONS

Please consider the following definitions before rating:

- **Townhouse**
A condominium townhouse, rowhouse, or any other condominium complex containing not more than 6 independent, self-contained suites.
- **Highrise**
A condominium highrise or any other condominium complex, with a common entrance, containing more than 6 independent, self-contained suites.
- **Self-contained suite**
An independent unit with a separate entrance providing permanent cooking, eating, living and sleeping facilities.

ADDITIONAL COVERAGES

INCREASED LIMITS
To increase the basic limits, charge the following:

Improvements & Betterments \$0.50 per \$1,000

Contingent Coverage \$0.60 per \$1,000

Increased Loss Assessment Coverage:

- \$20,000 limit \$10
- \$30,000 limit \$15
- \$50,000 limit \$20

Increased Additional Living Expense/Rental Income \$4.00 per \$1,000

RENTAL TO OTHERS

The Standard Form may be extended to provide Section I and Section II coverage while the condominium unit is entirely rented to others, **subject to a 20% surcharge.**

Decrease the published premium by 10% for **Deletion of Replacement Cost on Contents** (then sub-total). Then apply the 20% surcharge for **Rental to Others**. If coverage for Replacement Cost Contents is requested on a rented condominium, please contact the Company for consideration.

Coverage for rental income can be increased by increasing Additional Living Expense/Rental Income.

The charge is \$4.00 per \$1,000.

This option is not available on other Habitational policy forms.

We are not a market for new landlord (rental) exposures built prior to 1980.

For new landlord (rental) exposures built in 1980 or newer, proof of an acceptable water (lead) test result must be provided. If an unacceptable water (lead) test result, the risk location is ineligible.

SEASONAL CONDOMINIUMS

Either Condominium Form may be extended to provide coverage while the condominium unit is occupied by the policyholder as a seasonal residence.

Coverage for seasonal condominiums is **subject to a 10% surcharge.**

LIABILITY ONLY POLICIES

We are not a market for requests to extend liability only coverage to a condominium. If the risk qualifies it should be written on a Condominium Policy.

AGE OF DWELLING

SURCHARGE

Seasonal Homeowners premiums are subject to the following Age of Dwelling surcharge:

Built after 1959.....	0%
Built 1930 to 1959	5%
Built prior to 1930.....	10%

Please note, the Age of Dwelling Surcharge does not display on the Declaration page, but rather is included in the base premium.

For consideration of dwellings over 100 years old, please refer to the Company before binding.

ELIGIBILITY

- If the policyholder is a resident of Alberta, we must insure the principal residence.
- The dwelling must have been built after 1950 and is well-maintained.
- The dwelling is owner-occupied and not rented to others.
- The dwelling must be insured to 100% of the estimated replacement cost value.
- The minimum coverage amount on the dwelling is \$50,000.
- A photo is required for all dwellings regardless of age.
- Information pertaining to the updates should be included on the application form for all dwellings over 25 years old. Seasonal trailers and any dwelling not insured 100% to value are not eligible. Year round access by a responding fire hall is not a requirement, however, we reserve the right to restrict the eligibility of extremely remote locations.

DEDUCTIBLE

For Seasonal Homeowners, the minimum deductible available is \$500.

HEATING

For Seasonal Homeowners, the primary heating arrangements must be as defined on Page B3. Otherwise, we will apply a minimum surcharge of 75% to the published premium. Please submit to us before binding. Coverage is subject to Underwriting approval.

All auxiliary heating must be "approved" as defined on Page B3. A \$100 surcharge applies for each auxiliary wood-burning unit regardless of territory or fire protection.

RESIDENTIAL PROPERTY

RESIDENTIAL PROPERTY FORMS

BROAD FORM

"All Risk" coverage on the Dwelling and "Fire & Extended Coverages" on Personal Property (if applicable). An additional 10% of the Dwelling Building coverage is extended to Detached Buildings.

Clear Language Form 9555.

STANDARD FORM

"Fire and Extended Coverages" on the Dwelling and Personal Property (if applicable). An additional 10% of the Dwelling Building coverage is extended to Detached Buildings.

Clear Language Form 9554.

COVERAGE AMOUNTS

Property Insurance

The basic amounts available for building and contents are shown in the applicable premium pages. If building coverage is purchased, an additional amount of 10% will extend to detached buildings.

If contents coverage is required, it must be purchased separately. An optional amount of 10% of the dwelling building and/or personal property coverage will extend to additional living expenses, but only if this is a principal residence location.

Liability Insurance

Must be purchased separately as this is not a package policy:

- **Personal Liability Form**, applicable to Principal and Secondary Residences only; and
- **Landlord's Liability Form**, applicable to Rental Properties.

Please see page K2 for the applicable rates.

AGE OF DWELLING SURCHARGE

Residential Property premiums are subject to the following Age of Dwelling surcharge:

Built after 1959	0%
Built 1930 to 1959	5%
Built prior to 1930	10%

Please note, the Age of Dwelling Surcharge does not display on the Declaration page, but rather is included in the base premium.

For consideration of dwellings over 100 years old, please refer to the Company before binding.

APPLICATION

For all Residential Property policies the following must be submitted:

- (a) A fully completed C.S.I.O. application;
- (b) A current Home Evaluation Cost Guide to be attached with the application;
- (c) A fully completed Residential Property Supplement must accompany all rental property applications;
- (d) Complete update information including year and description must be provided at the time of submission for all dwellings over 40 years old. All dwellings over 40 years old must be fully updated for plumbing, heating and wiring. Roofing must be updated within 25 years;
- (e) A photo is required for all rented dwellings regardless of age. Photos should not be more than 12 months old;
- (f) If the dwelling is heated by fuel oil, a fully completed Oil Tank Questionnaire and a photo of the oil tank must accompany the application. The age of the oil tank must be stated on the application and/or Oil Tank Questionnaire.

As we are generally not a market for absentee landlord situations or for dwellings which are vacant and/or for sale, please contact your Underwriter.

TERRITORIES

Same as shown on pages CT1 to PC90 of the manual.

DEDUCTIBLE

Our base deductible is \$500. Other deductible options are available.

HEATING

Please refer to pages B3 - B4 in the manual.

All auxiliary heating must be "approved" as defined on Page B3. A \$100 surcharge applies for each auxiliary wood-burning unit on a Residential Property form.

ELIGIBILITY

The rental program is designed to insure small scale, family owned and operated rental situations. Proper tenant selection, frequent landlord visits and regular building maintenance must exist to qualify for this program. Student rental situations are not eligible for this program. If you are uncertain of the quality of any rental location, the building should receive a broker inspection.

Broad Form Rating

Designed to insure Principal Residences, Secondary Residences and Rental Properties. Not available for Seasonal Residences or Seasonal Trailers.

Premiums apply when:

- (a) the dwelling contains not more than six self-contained suites; and
- (b) the dwelling is insured to 100% of the estimated replacement cost value.

Standard Form Rating

Designed to insure Principal Residences, Secondary Residences and Rental Properties. Not available for Seasonal Residences or Seasonal Trailers.

Premiums apply when:

- (a) the dwelling contains not more than six self-contained suites;
- (b) the dwelling is insured to 100% of the estimated replacement cost value.

Please note that we are not a market for properties rented to students or landlord (rental) exposures built prior to 1980.

For consideration of dwellings over 100 years old, please refer to the Company.

OWNER OCCUPIED MULTI-FAMILY DWELLINGS

Eligible for Broad Form and Standard Form Residential Property or Homeowners coverage (see F2 for details on Homeowners coverage). Contents coverage can be written using a Tenants Package and/or by adding Residential Property Contents coverage.

RENTED DWELLINGS

A dwelling which is entirely rented to others may be added to an existing Homeowners, Tenants or Condominium Package policy, provided that:

- no dwelling contains more than six self-contained suites; and
- there are not more than four rented dwellings; or

A dwelling which is entirely rented to others may be written separately on one of our Residential Property Forms. Rented Condominiums can be written separately on our Standard Condominium Form. See page H3 for details. **Landlord's fixtures, etc., are included with the building amount. If furniture is supplied, add the applicable contents amount.**

A photo and a Residential Property Supplement must accompany all requests to write a rental. The photo and the supplement must confirm that the property is in good condition and that it is properly supervised and well maintained.

It is extremely important that the rental situation is underwritten up front to ensure proper tenant selection, frequent landlord visits and regular building maintenance.

We are not a market for new landlord (rental) exposures built prior to 1980.

For new landlord (rental) exposures built in 1980 or newer, proof of an acceptable water (lead) test result must be provided. If an unacceptable water (lead) test result, the risk location is ineligible.

RENTAL INCOME

For rental income rates please refer to page C8.

MARIJUANA GROWING OPERATIONS

We will decline any risk with a past marijuana growing claim. Marijuana growing claims are an indication of poor landlord controls and are not the quality of business that should be placed with The Dominion.

We are concerned with marijuana growing claims on existing business. It is extremely important that the rental situation is properly underwritten up front to ensure proper tenant selection, frequent landlord visits and regular building maintenance. You should warn rental property owners of the risk of marijuana growing operations and stress the importance of careful tenant selection and regular landlord checks of the premises. You can also suggest they ask a neighbour to monitor the premises as a double check and leave the neighbour with a telephone number where they can be reached. Concern signs include:

- Dwelling no longer appears to be lived in;
- Dwelling appears to have no lights on;
- Windows are always dark, boarded up or blacked out;
- Heavy condensation on the windows;
- Musty or skunk-like odour on the premises;
- Frequent humming or motorized fan noises;
- Altered hydro connections.

We will take action on any marijuana growing operation claim. This includes reviewing **all** insured locations as the claim may be an indication of issues with the landlord situation and the overall quality of the risk.

CONSTRUCTION LIABILITY EXTENSION RIDER

This Rider may only be added as a Residential Property Form. Coverage will be extended to include liability arising from the construction of a one, two or three family residence by the policyholder, or by the policyholder and an independent contractor, to be occupied by the policyholder upon completion.

Coverage includes Employer's Medical Payments as described in the Rider.

● \$1,000,000 liability limit	\$35
● \$2,000,000 liability limit	\$45
● \$3,000,000 liability limit	\$55
● \$4,000,000 liability limit	\$65
● \$5,000,000 liability limit	\$75

HOUSEHOLDER'S COVERAGE

This Rider may be added to the Contents coverage of either Residential Property Form. It will provide the following additional Named Peril depending on the type of residency:

- If Principal Residence, Theft coverage;
- Not applicable on a Rental Property.

Rates are provided under the applicable Contents Section of the Residential Property Premium Pages under the heading "Special" Form Contents.

RESIDENCE GLASS RIDER

Written subject to a \$200 deductible for a premium of \$25.

COURSE OF CONSTRUCTION CREDIT

Available only under the Residential Property Forms, the dwelling premiums are reduced by 10% until completion of the dwelling or the first policy term, whichever is less.

For details of how to calculate credits, see Premium Calculations on page B6.

PERSONAL UMBRELLA LIABILITY

This is a "Catastrophe" type cover and is intended to protect the policyholder against high unexpected losses. In view of the size of judgements being awarded we feel that the minimum underlying insurance requirements should be \$1,000,000 for automobile, personal and watercraft liability.

We provide limits of up to **\$5,000,000 excess of the underlying liability limits.**

Included in the umbrella is a "drop down" cover, meaning the umbrella is first cover, not excess, (e.g. Libel, Slander, etc.), and some Care, Custody and Control cover. On the "drop down" cover there is a net retained limit of \$250.

Certain types of insurance are specialized covers and should be insured fully in the speciality markets, (e.g. aircraft, professional liability, errors and omissions and directors and officers liability). Our umbrella policy **does not** apply to these.

Certain individuals, because of the inclusion of personal injury in the Umbrella policy, do not qualify. These include, but are not limited to, Politicians, Labour Leaders, Professional Entertainers, Broadcasters and Television Personalities, Professional Athletes or any person who has been sued for libel or slander.

Individuals who own properties outside of Canada are not eligible for an Umbrella policy.

Coverage is provided on a separate policy.

A fully completed and **signed** application is required.

Underlying Insurance

Umbrella coverage **can only be written** in the name of an individual applicant and his or her spouse. Coverage **will only be considered** when we insure the underlying Automobile and Personal Liability policies, in the name of the applicant. **Children or relatives living with the applicant who own their own motor vehicle do not qualify for coverage under the umbrella policy.** Vehicles and properties in a company name cannot be listed as an underlying policy. As we do not write underlying insurance on larger watercraft, it is permissible to have the underlying watercraft insurance with another Insurer.

Minimum limit of \$1,000,000 is required on the underlying automobile, personal and watercraft liability insurance policies.

If the policyholder fails to maintain the underlying insurance, the umbrella continues as if the underlying is in effect but **only for personal liability. The automobile protection ceases immediately.**

Binding

The risk cannot be bound until approval is received from the Company.

Please refer to page K4 for premiums.

HOME BUSINESS EXPOSURES

INCIDENTAL BUSINESS USE

PROPERTY INSURANCE All our forms permit these business uses:

- as an office, school or studio;
- for a minor business to earn a secondary income for the policyholder only.

We also cover the business property which pertains to such permitted uses, but only while at the dwelling we insure:

- up to \$5,000 on all Homeowner, Tenants and Condominium forms,
- up to \$2,500 on all others.

LIABILITY INSURANCE No coverage applies under the liability section unless such business uses are stated on the Declaration Page.

CANADIAN HOME BUSINESS ENDORSEMENT

Overview and Requirements

Our **Canadian Home Business Endorsement** is written as an extension to our Homeowners, Tenants and Condominium forms. It is designed to extend coverage to a small full or part-time business or office operating out of the principal or secondary residence we insure.

The coverage provided under the Homeowners, Tenants or Condominium policy with respect to personal property will be extended to business property under this Endorsement. Coverage is subject to the exclusions found under Form 9550, the Canadian Home Business Endorsement.

In order to make our program economically feasible, we have taken several steps to ensure we minimize our costs:

- (1) We have taken advantage of our automated workflows in Personal Lines, while at the same time providing Commercial Lines coverages;
- (2) Coverage under this Endorsement is provided on a commodity basis. We have a simple rules-based format. As premiums under this program are much lower than the industry minimum for similar Commercial Lines exposures, we cannot justify the cost of underwriting those risks that deviate from our rules. Furthermore, the nature of the in-house business risk is such that only low hazard, good business can be underwritten profitably at the specified rate levels. As a result, the risk must fit our program or it is ineligible;
- (3) The deductible and liability limit will follow that of the underlying Homeowners, Tenants or Condominium policy to which this Endorsement is attached. However, it may be necessary to endorse the underlying policy in order to meet our minimum deductible and liability limit requirements under this Endorsement;
- (4) Risks listed under our Occupation Classifications that require a form of Professional Liability Coverage (e.g. errors and omissions) are eligible, however, **such coverage is not provided under this Endorsement**;
- (5) Risks on a stand-alone basis, those that do not meet our Eligibility Criteria, or those where the required principal or secondary residence policy is not in force or is set up to non-renew at the end of the policy term, are ineligible;
- (6) With respect to the policy wordings, our liability coverage is restricted to within Canada only;
- (7) Building owners such as shopping malls, flea markets, art galleries, etc. will not be added as Additional Named Insureds.

REQUIREMENTS

- (1) A fully completed **Canadian Home Business Endorsement Application (Form 7193)**, signed by the applicant, must be submitted along with the new business or endorsement request to the Company. Clearly indicate the occupation.
- (2) Confirmation that the in-house business operation meets our **Eligibility Criteria** will be required on renewal.

CANADIAN HOME BUSINESS ENDORSEMENT

Eligibility Criteria

To qualify for our “Canadian Home Business Endorsement”, the risk must meet the following eligibility criteria:

- (1) The risk (business operation) must be an office or small retail operation.
- (2) The business operation must be located in the principal or secondary residence premises we insure under a Homeowners, Tenants or Condominium policy.
- (3) Such policy must have a minimum deductible of \$500. It may be necessary to endorse the underlying policy to qualify for this Endorsement.
- (4) The business may be incorporated, however, the applicant(s) must:
 - be the sole owner(s) and proprietor(s);
 - have no other business connected to or operating under stated name(s); and
 - operate out of the residence premises we insure under this policy.
- (5) Does not own or operate any other business pursuit in the same name.
- (6) Does not operate from any other premises other than the premises we insure under the policy to which this Endorsement is attached.
- (7) The applicant should have a minimum of three (3) years **related** business experience. If less than 3 years, please explain fully in “Remarks” for possible consideration, **subject to Underwriting approval**.
- (8) There are no more than two (2) non-resident employees.
- (9) Gross annual sales/receipts are not anticipated to exceed more than \$200,000.
- (10) The business must be one of those listed under our **Occupation Classification** section. Please note we are not a market for Consultants.
- (11) There have been no more than two (2) claims in the past five (5) years of any type, including the policy to which this Endorsement is attached.

In the event that none of the losses are related to the business operation, please explain fully in “Remarks” for possible consideration, **subject to Underwriting approval**.
- (12) There have been no claims for more than \$5,000 related to the business operation in the past five (5) years.
- (13) With the exception of purchasing supplies, there are no foreign exposures of any kind. Businesses selling goods or services outside of Canada are ineligible.
- (14) Does not sell or repackage products under their own label.
- (15) Is not involved in the manufacturing, distribution, sale or use of any hazardous materials or products.
- (16) Is not involved in deep fat frying, furniture refinishing, upholstering, woodworking, or the regular use of flammable liquids.
- (17) Is not involved in babysitting or day care operations.

CANADIAN HOME BUSINESS ENDORSEMENT

Occupation Classifications

The nature of the business operation must be one of the “Occupation Classifications” listed below. However, this listing is simply a guideline and does not imply guaranteed acceptability in our program. If the business operation is not one of those listed below, do not bind or quote.

Please note that professional liability exposures are not covered under this program. Both the Personal Property wording and the Canadian Home Business Endorsement wording, contain a professional liability exclusion.

CANADIAN HOME BUSINESS ENDORSEMENT

Coverage Features

Business Property

- \$10,000 coverage for On-Premises Business Property, with an option to increase to \$25,000, \$35,000 or \$50,000.
- \$2,500 coverage for Off-Premises Business Property, with an option to increase to \$5,000 or \$10,000.

Business property includes stock, equipment, tools, books, papers, office furniture and equipment, computer hardware and software, and goods held for sale.

Extensions of Coverage

- The Credit Card Coverage from the underlying Homeowners, Tenants or Condominium policy is extended to include losses arising out of the business operation we insure.
- The Special Limit of Insurance with respect to Money, Bullion and Securities from the underlying Homeowners, Tenants or Condominium policy is extended to such property held in connection with the business operation we insure.

These Extensions of Coverage do not increase any amount of insurance.

Additional Coverages

- \$10,000 coverage for Accounts Receivable.
- Unlimited Business Interruption coverage for up to one year from the date of loss. No deductible applies to this Additional Coverage.
- \$5,000 coverage for Extra Expenses to keep the business up and running after a loss. No deductible applies to this Additional Coverage.
- \$10,000 coverage for Valuable Papers.

Liability Coverage

- Personal Liability Coverage from the underlying Homeowners, Tenants or Condominium policy is extended to include the liability arising from the business operation we insure. Coverage includes Products and Completed Operations, Personal Injury and Employers' Liability.
- \$10,000 coverage for Advertising Injury Liability.
- Medical Payments Coverage from the underlying Homeowners, Tenants or Condominium policy is extended to medical payments arising from the business operations we insure.

Risks listed under our Occupation Classifications that require a form of Professional Liability Coverage (e.g. errors and omissions) are eligible, however, **such coverage is not provided under this Endorsement.**

WATERCRAFT BOATOWNERS PROGRAM

ELIGIBILITY GUIDELINES

The Dominion's boat market is designed to cover the conservative family owned boat which is used for private recreational purposes with no unusual exposures.

With the exception of personal watercraft, coverage can be written on a stand-alone basis (separate policy) or attached to a personal property policy. Personal watercraft will only be written as an attachment to a personal property policy.

Application

All information on the Boatowners Application Form (7187) must be completed in full and signed by the named insured. Please do not submit an application that is not 100% complete.

Marine Surveys

An up-to-date detailed marine survey by a qualified marine survey company is required for:

- **all outboard boats** over 10 years old and over 22 feet in length;
- **all inboard/outboard boats** over 10 years old;
- **all inboard boats** over 10 years old;
- **all sailboats** over 10 years old and over 22 feet in length.

If the policyholder is the original boatowner, a survey is required if the boat is over 20 years old.

If a marine survey is not locally available, a photo of all sides of the boat is considered an acceptable alternative.

POWER / LENGTH ELIGIBILITY

The following guidelines are based on the boat that is considered to be a family runabout type. Please note the following are strictly guidelines and do not imply acceptability of a boat in our market. Should a boat not fall within the guidelines indicated on the table below, coverage **may not be bound** without prior approval from the Company.

OUTBOARDS

Boat Length	Horsepower
0' to 13' 11"	45
14' to 14' 11"	65
15' to 15' 11"	75
16' to 16' 11"	90
17' to 17' 11"	125
18' and over	140*

INBOARDS, INBOARD / OUTBOARDS

Boat Length	Horsepower
0' to 15' 11"	150
16' to 17' 11"	175
18' to 18' 11"	200
19' and over	260*

* For consideration of motors with a higher horsepower than indicated above, please contact your Underwriter.

Photos

Required for all boats over 10 years old with the exception of boats made of aluminium/ metal construction.

Size and Speed

Power boats up to 31 feet with a **maximum speed of 55 miles (89 kilometres) per hour** and sailboats up to 40 feet are eligible as long as they are in good condition and with responsible operators, subject to the Power/Length Eligibility stated below

Driving Record

A very good indicator of the safe operation of a boat is how a person drives an automobile. If an individual drives it in a careful manner, is attracted to conservative models and has a good driving record, the same habits in behaviour usually will carry over to boat operation. Please question all applicants carefully about their driving records.

Experience Level

The policyholder's level of experience is very important especially on larger boats. We require that the policyholder have sufficient experience and/or formal training for the boat we are being asked to insure. Parental supervision for young operators is also required on power boats.

TERMS AND CONDITIONS

Age Surcharges

Please apply the following surcharges to the published hull premium where applicable:

25% for Inboards and Inboard/Outboards which are 10 years old or older.

15% for Sailboats which are 15 years old or older.

Binding Authority

Premiums published herein do not change or extend any binding authority contained in your Broker Agreement with us.

Cancellations

New Business – Flat cancellations are not allowed on new business.

Renewals – We will allow a flat cancellation if a renewal is returned to us within 45 days of the renewal date. Otherwise a time on risk charge will be applied.

Cost Price New

In the event the present market value is unknown, please provide the original cost price new on the boat application. We will use this to determine the proper coverage amount for our boat program.

Deductibles

The boat (hull), outboard motor(s), trailer and additional unattached equipment may all have different deductibles. Deductible options of \$100, \$250, \$500 and \$1,000 are available.

The \$100 deductible is not available on Inboards or Inboard/Outboards or any watercraft over \$20,000. The \$250 deductible is not available on watercraft over \$50,000.

Inboard and Inboard/Outboards

Only Outboard Motors are listed and valued separately. Inboard and Inboard/Outboard engines are included in the value of the hull.

Maximum Speed

This is required for all power boat applications. Please remember we are not a market for boats that exceed 55 miles (89 kilometres) per hour.

Navigational Limits

The policy provides coverage anywhere on land, coastal waters or inland lakes and rivers of Canada and the continental United States (including Alaska).

Out-of-Province Exposures

The premiums published in this Rate Manual are for the provinces and/or territories indicated on the bottom of each page. If you require the premium for another province or territory (i.e. the boat is stored and/or used in another province we write in), please consult the Company.

Outboard Motors

We require full information on the outboard motor(s) for identification in case of loss and for ascertaining the proper horsepower relationship with the boat.

Policy Term

The boat policy is an annual policy and is not designed to be cancelled at the end of the boating season, because losses can also occur when the boat is not in use.

Safety Course Credit - 15%

The completion of an approved course conducted by the Power Squadron, Coast Guard Auxiliary, or Canadian Yachting Association (minimum of White Sail level) qualifies the named insured for a 15% reduction of premium. Satisfactory evidence of completion of the course, such as a signed certificate, must accompany the application or endorsement for the discount to be applied.

Trade Name and Model Name

The Trade Name tells us which company made the boat and the Model Name tells us which of the company's many types of boats this is. All companies use model names or numbers. Please try and stay away from designations such as "Run about", "Cruiser", etc., as they are classes of boats, not model names and will slow down the underwriting process.

COVERAGE AVAILABLE

Hull Coverage

We provide an "All Risk" policy, subject to standard exclusions. Since coverage is on a replacement cost basis (but not to exceed the amount of insurance), we must insure for 100% of the present market value. This value should be close to 100% of the cost price on newer boats and not less than 70% of the cost price on older boats (i.e. over 10 years old).

It should be noted that many boats do not depreciate and can actually appreciate over the cost price new. The amount of insurance should be adjusted as the values change due to inflation, appreciation and the addition of equipment.

Outboard Motors

Coverage may be purchased for outboard motors. The amount of insurance should be the present market value of the motor. Physical damage coverage for outboard motors cannot be purchased on its own (i.e. we must insure the boat as well).

Unattached Equipment

An additional 10% of the total hull value is extended to cover unattached equipment. This includes such items as furniture, protective covers and sports equipment. Additional coverage may be purchased if necessary. Equipment such as scuba gear and fishing equipment is not considered unattached equipment under this program. Please note that permanently attached equipment such as C.B. radios and depth sounders are considered part of the hull.

Trailers

Coverage may also be purchased for boat trailers. Physical damage coverage for trailers cannot be purchased on its own (i.e. we must insure the boat as well).

Amount of Insurance

Coverage is on a replacement cost basis, but will not exceed the amount of insurance. As such, it is imperative the amount of insurance properly reflects the true replacement cost (or market value) of the risk at all times. Please make sure you review the amount of insurance with the policyholder on a regular basis and make any necessary adjustments to coverage, limits, deductibles, etc. as required.

Liability Coverage

Coverage is provided for liability arising out of the ownership, use, operation or maintenance of the boat we insure. Minimum limit available is \$1,000,000 and the maximum limit is \$5,000,000. Liability coverage cannot be purchased on its own.

Watercraft You Own

Coverage is automatically extended to the Policyholder's ownership, use or operation of "owned" watercraft which are:

- equipped with an outboard motor rated at not more than 49 horsepower;
- equipped with any other type of motor rated at not more than 50 horsepower;
- of any other type not more than 26 feet in overall length.

Watercraft You Do Not Own

With respect to liability coverage, coverage is also extended to the policyholder's use of operation of any type of "not owned" watercraft provided that the watercraft is being used and operated with the owner's consent.

Medical Payments Coverage and Water Skiers' Medical

Liability Coverage also provides up to \$5,000 for reasonable and necessary medical expenses to, or for, each person who incurs bodily injury caused by an accident while in, upon, boarding, leaving, or being towed on water skis by the boat we insure. This is an extension of the Liability coverage only. Medical Payments Coverage and Water Skiers' Medical cannot be purchased on their own.

DEFINITIONS AND ACCEPTABILITY

Canoes

Canoes are written at the Sailboat rate, subject to a \$25 minimum premium (per unit). Canoes subject to white water exposure are not acceptable.

Car Toppers

Small watercraft which are generally carried on top of an automobile (maximum length 14', 9.9 h.p. and a total value not exceeding \$3,000) are best accommodated by adding watercraft coverage to the principal or seasonal policy.

Dinghies

Dinghies under 10 feet and kept aboard should be insured under unattached equipment. Dinghies over 10 feet should be insured as a separate boat as this is not considered unattached equipment. Please use the Outboard rate for this exposure.

Drift Boats

Engineless fishing boats that drift in the water and are paddled to the site, are acceptable on a sailboat floater.

Homemade Boats

We are not a market for homemade boats as it is very difficult to determine the competency of the builder, the value of the watercraft or to establish the seaworthiness of the craft. It is also very difficult to underwrite, value repairs and settle claims.

Houseboats

We are not a market for houseboats.

Inflatable Boats

Inflatable boats are written at the Outboard rate. Such boats are best accommodated by adding watercraft coverage to the principal or seasonal policy. A minimum \$250 deductible applies if subject to Salt Water exposure.

Jet Boats

Jet boats do not qualify for our market. These boats are propelled by a jet of water forced through a jet drive system at high velocity.

There are many different manufacturers.

A partial list of names includes:

- Berkeley
- Eliminator
- Jacuzzi
- Dominator
- Hamilton
- Panther

Personal Watercraft

(Jet Skis / Seadoos)

We are not a market for such watercraft if there are any young operator exposures or where there is an operator who has a poor driving record. Personal watercraft are best accommodated by adding watercraft coverage to the principal or seasonal policy.

For larger personal watercraft made by the same manufacturers, please refer to the Company.

Kayaks

We are not a market for kayaks used for racing or any type of competitive sport. Kayaks used for pleasure use are written at the Outboard rate.

Para-sails

We are not a market for para-sails or other similar type apparatus.

Pontoon Boats

We are not a market for such watercraft over 20 years old, nor any pontoon boat with cooking or sleeping facilities. Pontoon boats are written at the Outboard rate. For pontoon boats that are not Outboards, please refer to the Company.

Such boats are best accommodated by adding watercraft coverage to the principal or seasonal policy. A minimum \$250 deductible applies if subject to Salt Water exposure. Pontoon boats subject to Salt Water exposure are not acceptable.

DEFINITIONS AND ACCEPTABILITY

Riverboats / Barges

We are not a market for riverboats of any kind.

Speed Boats

We are not a market for speed boats. The majority of these boats are needle shaped and/or have shallow "V" or flat hulls. We prefer to avoid all speed boats, racing boats, competition ski boats and high performance crafts in general.

There are many different manufacturers. A partial list of names includes:

- Avenger
- Barracuda
- Challenger
- Checkmate
- Cobalt
- Conqueror
- Eliminator
- Four Winns – Liberator
- Hydrasport
- Hydrostream
- J Craft
- Magnum
- Monroe
- Sidewinder
- Sleekcraft
- Stallion
- Thundercraft
- Waikiki
- Baja
- Cadorette
- Charger
- Cigarette
- Cobra
- Donzi
- Excalibur
- Glastron – Carlson
- Hydrodyne
- Javelin
- Jetstar
- Marlin
- Panther Pursuit
- Skeeter
- Speedmaster
- Tahiti
- Turbo Craft
- Wellcraft

Surfboards

Surfboards are written at the Sailboat rate. Such boats are best accommodated by adding watercraft coverage to the principal or seasonal policy.

Tunnel Hull Boats

We are not a market for Tunnel Hull Boats of any kind.

Wind Surfers

Wind Surfers are written at the Sailboat rate. Such boats are best accommodated by adding watercraft coverage to the principal or seasonal policy.

Wooden Boats

We are not a market for wooden boats. They have a higher than average susceptibility to leakage and rot, and bilges can become oily. Wooden canoes are acceptable subject to the eligibility criteria found under the heading "Canoes".

Company Names and Commercial Exposures

We are not a market for boats in a company name(s) or subject to any form of commercial exposure (i.e. chartering, renting, company business). Our boat program is designed for family recreational use only.

Cooking Facilities

This is a major concern. Boats built prior to 1973 were not subject to CSA standards, and therefore, if built prior to this date we would prefer not to insure these altogether. Pontoon boats with cooking facilities are simply not acceptable regardless of age.

Type of Fuel – Alcohol, kerosene and propane are acceptable, however, if propane, we must know where the tanks are located and how they are vented (drained). Propane tanks should never be located in the hull or near the engine compartment. Storage of these tanks should be on the upper deck so that in the event of leakage the gas will dissipate and not accumulate. Cooking with white gas is unacceptable.

Appliances – Electric refrigerators or ice boxes are fine, but propane refrigerators are not, due to the pilot light. No appliance with a pilot light is acceptable.

Engines

We will not provide coverage to a boat that has an uncovered engine or one that is converted due to danger of mismatched power, improper installation and explosion.

Location

We would prefer not to insure those boats that are stored in an apartment or condominium parking lot, whether above or below ground, as there is a high exposure of theft and vandalism associated with this type of storing arrangement.

Ownership

The design of our market is to accommodate single family watercraft, however, watercraft which are co-owned by two individuals may be considered. Please contact your Underwriter.

Watercraft which are owned by more than two individuals/families (multi-ownership) are not acceptable for our market.

Sleeping Facilities

We will insure boats that have sleeping facilities with the exception of pontoon boats and boats designed for full-time accommodation. Our boat program is not designed to cover floating principal residences (i.e. "liveaboards").

SMALL OUTBOARD BOAT PACKAGE POLICY

This is a package policy with a single premium rate that may be issued at a savings to the small outboard customer. One physical damage limit applies to the hull, outboard motor, trailer and unattached equipment based on the sum of the actual cash values of all items. The principal features are as follows:

- A maximum combined physical damage limit of \$25,000.
- Boats up to a maximum of 17'11" and motors up to a maximum of 90 HP are eligible. More than one boat may be insured on a policy and more than one motor per boat, but all must meet the eligibility requirements. Motors without a boat are not eligible.
- Deductible options of \$100, \$250, \$500 and \$1,000 are available.
- \$1,000,000 of liability coverage and \$5,000 medical payments coverage, including water skiers' medical, are included in the package premium.
- The 15% Safety Course Credit applies if applicable.

PERSONAL WATERCRAFT

Personal Watercraft means an enclosed hull water-jet-driven vessel, with a maximum length of 4 metres (13' 2"), with no cockpit, as per the Canadian Shipping Act.

Such watercraft are commonly referred to as "Jet Ski" or "Sea Doo", as these are two of the more popular models of personal watercraft on the market.

Acceptability

- we are not a market for Personal Watercraft that exceed 45 miles (72 kilometres) per hour;
- we are not a market for Personal Watercraft if there are any young operator exposures or where there is an operator who has a poor driving record;
- for larger jet propelled watercraft, please refer to the Company.

Personal Watercraft are best accommodated by adding watercraft coverage to the principal or seasonal policy.

Watercraft Liability Extension

Coverage for watercraft liability may be extended from a Habitational policy. To qualify, the boat must meet our maximum horsepower and power-to-length guidelines. There must also be coverage on the boat itself as we are not a market for providing coverage for watercraft liability only.

NOTES

VACATION TRAILERS

VACATION TRAILER FLOATERS

Eligibility

We will write vacation trailers, tent trailers and camper units not exceeding 35 feet in length (10.7 meters). For consideration of vacation trailers in excess of 35 feet, please contact your Underwriter.

Seasonal trailers in excess of 35 feet (10.7 meters) that are permanently parked can be written on a Seasonal Residence form, but there is no coverage for hail.

“All Risk” Vacation Trailer (Form 9532)

Coverage is provided on a replacement cost basis with no deduction for depreciation.

Contents

An additional amount up to 10% of the amount of insurance on the vacation unit is extended for contents of the trailer. If additional coverage is required, please increase the amount of insurance on the trailer.

Emergency Assistance

We will pay emergency expenses up to \$100 for each consecutive day, but not to exceed 20% of the amount of insurance on the trailer.

Premiums

	<u>Rate</u>
● \$100 deductible	\$ 1.55
● \$200 deductible	1.45
● \$500 deductible	1.35
● \$1,000 deductible	1.20

All rates shown are for \$100 of insurance.

The premium will be rounded to the nearest dollar.

Minimum Premium

There is now a \$50 minimum premium charge **per trailer** on all stand-alone “AVT” policies. This will not affect Vacation Trailer Floaters added to the principal residence policy.

Requirements

Please submit a Vacation Trailer Application (Form 7191) for all Vacation Trailers whether written on a stand-alone basis or added to a principal residence policy. A photo is required for all units over 15 years old.

Amount of Insurance

This is not a “valued” form. As such, it is imperative the amount of insurance properly reflects the true replacement cost (or market value) of the risk at all times. Please make sure you review the amount of insurance with the policyholder on a regular basis and make any necessary adjustments to coverage, limits, deductibles, etc. as required.

PAYMENT OPTIONS

DIRECT BILL PAYMENT PLANS

IDEAL MONTHLY PAYMENT PLAN

With the Ideal Monthly Payment Plan ("IMPP"), payments are withdrawn automatically from the policyholder's chequing account with a bank, trust company or credit union. To participate in our Ideal Monthly Payment Plan we require a down payment equal to two months of premium plus applicable taxes and fees, a void cheque and completed authorization form. Subsequent premium payments are due one month in advance. The monthly payment withdrawal date will coincide with the date the policy becomes effective or the withdrawal date that the policyholder has selected. For policy renewals, the first payment will be withdrawn in advance of the renewal date based on the schedule of payments included in the policyholder's renewal offer. If the policyholder's bank account information changes, please advise us two weeks prior to the due date of the next scheduled withdrawal date. This plan is subject to a 3% finance fee on the total premium amount.

ONE PAY

Premium and applicable taxes are paid in one lump sum at the beginning of the policy term.

THREE PAY (Annual Policies Only)

Premium is paid in three instalments. The first instalment, 40% of the annual premium plus applicable taxes, is due when the policyholder receives their policy. The second and third instalments, for 30% each plus applicable taxes and fees, are due three months and six months from the start of the policy. We will send the policyholder a bill approximately three weeks before the due date of each instalment so they are informed in advance of the payment due date. The second and third instalments for the Three Pay payment plan are subject to a 3% finance fee.

Items returned due to insufficient funds may be subject to a \$50 administration fee.

Broker Bill is also available as a payment option.

DIRECT BILL PAYMENT METHODS

Policyholders always have the option to pay their One Pay and Three Pay policies by credit card, bank machine or cheque.

CREDIT CARD

Policyholders can use Visa or MasterCard to pay premium for renewals, policy changes and new business.

When the policyholder receives the renewal billing the payment stub can be completed with the policyholder's credit card information and signature. The completed payment stub is then returned for processing.

For new business, the broker should have the customer complete a blank Credit Card Authorization Form (Form # 8007), and attach it to the application.

FINANCIAL INSTITUTIONS

Policyholders can pay the premium using banking services:

Automated Teller Machine (ATM) or with a teller at most banks, trust companies and credit unions. The payment stub attached to the billing notice contains specially coded information and must be included with the payment to ensure the premium is correctly routed and applied to the correct policy.

- Automated Teller Machine (ATM) or with a teller at most banks, trust companies and credit unions. The payment stub attached to the billing notice contains specially coded information and must be included with the payment to ensure the premium is correctly routed and applied to the correct policy.
- Online/Telephone Banking, available through most Financial Institutions.
- The policyholder can select to pay their premium in person at their bank, through online banking or by telephone banking. When paying online simply add The Dominion policy to the bill payment selections. The policy number and three letter prefix is the account reference number. It is necessary to add each of the policies as a separate selection under the billing list options. When the policyholder pays in person, please provide the payment stub to the bank teller, which is found at the bottom of the policy billing. The payment stub includes special coding to ensure that the payment is applied to the policy.

CHEQUE

Policyholders can pay the premium by cheque. The policyholder should write the policy number on the cheque and the payment stub should be included to ensure that the premium is applied to the correct policy.
